

Waynesville (The Bewtiful), Feby. 28, 1938.

Mr. Editor, Menny changes—an' wonderful improvement gain' on in the Bewtiful now—yes, sir-ee!

Furst, Estus Arrington, the ol' kon-deamed hous demon, haz rid the town in 2 or 3 "eye sores" (ye no, Estus likes to do that); also Uncle Abe haz tore down hiz ol' cow barn back uv the hous whir he yooce to rite all that bewtiful Spring po-ittry. Dr. Sisk told me if I'de tare it down he'de treet me to be a doz. See-gyars sum of these days... but "sum of these days haint kum yet. Next time I trade with Doe I'm a-goin' to have the See-gyars in advance.

LEAVE IT TO FRAWG LEVEL

An' now the Improvement & Bewtifi-kashun Program haz shifted to Frawg Level, cheefly 'round that "apartmint hous" neer Bum Korner, jist below Hang-out Korner. Fer the informa-shun uv you what's not bin a-keepin' up with developments in Frawg Level will say that the "apartmint hous" on Bum Kor. wuz twisted aroun' to face Richland crick, with a bewtiful vew overlookin' the crick an' Farmer's shop. Doc Lee an' Joe Gaddis sez the change lookt hazzardous at furst; the kontraktors tha'tw that Uncle Andy, who okcypize a 2nd story apartmint woud haff to move... but he didn't. We understand that Uncle Andy kon-tinued to okcypie his apartmint endurin' the hole 10 days uv rollin', twistin' an' moovin' opera-shuns 'thout bein' disturbed to enny grate eckstent.

Kource, at furst Uncle Andy woud

sometimes fergit what wuz goin' on below, an' woud grab hiz hat an' run down, thinkin' hit wuz an earthquake, but he soon got yooce to the vibrations.

Not jokin', fokes, (ye no Uncle Abe seldom jokes) the new arrangement is a grate improvement over the ol' "apartmint hous." Uncle Andy now haz a Southern Eck-spozure... with an on-obstruktiv vew uv the ol' mill an' Lowry Lee's coal yard. An other advantage is, that he can now spit out at the stove-pipe hole in the winder 'thout spittin' v. s. enny boddy elce's out side wall.

Then the change now throws that big rock to be on the South side uv the hous, so that all the okcypants can better sun their bed-ticks, ni-ties, socks, di-does, an' other intymate wearin' a-parril. I think the owner uv the apartmint hous throws in the sunnin' rock free gratis, with the understandin' that they're not to fite over it.

Uncle Abe is thinkin' uv applyin' for that apartmint a-jinin' Uncle Andy's. I cood run my sove-pipe out at the winder too... that woud give a better ballance to that side o' the hous, also make things look more prosperus. Besides I, too, prefer a Southern Eck-spozur... an' a vew of Dock Lee's coal yard.

"WHIR'S MARDY GRASS?"

I don't no if Waynesville sent the dillyga-shun down to Noo Orleans last wk. er not; but frum what we hear the party uv 5 what went down representid the Bewtiful fust rate.

Is McNutt Telling War Secretary Far East Story?

Paul V. McNutt and Secretary of War Harry Woodring

McNutt has Washington seen such a fanfare and buffet dinner as put on by Indiana Democrats in honor of Paul V. McNutt, high commissioner of the Philippines, former governor of Indiana and possible presidential candidate in 1940. More than 3,000 attended the Washington affair. But McNutt, who said he is not a candidate for any office, officially came to Washington to report to President Roosevelt on the Far Eastern situation. Part of that mission apparently is being fulfilled above, as McNutt, left, talks to Secretary of War Harry Woodring.

"Well, hits sum whir down thar in Coo-eezy-aner," interrupted Shurf Cabe, shorely 3 Skool teechers, a Depetty shurf an' a Banker orter be able to find find it, ma-by by the green grass growin' all aroun'."

"Well, if thar's enny green grass 'round Noo Orleans as green as this krowd is—I want to see it," replid Miss Lutherwood.

An' now, before closin', I want to thank the follerin' named reedurs uv this kolum for their ernist So-lissy-ta-shun an' in-trust in Uncle Abe endurin' hiz 3 wks. konva-lescence—what ever that is (the Editor told me to say it). Here they are:

THE DOCTOR'S HOURS

Rare indeed is the Doctor who can say his working time is confined within certain hours. Office hours may be thus and so, but what with free clinics, Hospital staff service, Hospital calls, operation hours and emergency calls, the Doctor's working day is long and arduous. Even the Doctor with a highly specialized practice is not immune to broken hours of sleep and rest.

Just To Be Frank

I used to buy milk for the children. I knew how good it was for them, but I didn't drink it myself. And then one day our family doctor came in to see little Johnny. He mentioned that I looked rather tired and suggested that I drink a quart of wholesome Pet pasteurized milk every day. Try it: It'll do you good too.
