

On February 26th Waynesville lost one of its enthusiastic sport fans, E. B. Camp—who made himself famous in the field of athletics in the later part of the 90's.

Mr. Camp was the leader of his football team at the University of Pennsylvania. He led his team to victory over Princeton in 1892 for the first victory for Pennsylvania over Princeton in thirty years. In this game, "Jake" Camp won national recognition, which to this day is often mentioned.

During recent years, after Mr. Camp had retired from the lumber business, because of failing health, his enthusiasm was still keen in all lines of sports, but more especially football.

It was not uncommon to see Mr. Camp at most of the local football games.

After Mr. Camp was confined to his home for a greater part of the past year, his old team mates did not forget him; they seemed to think more of him for they sent him a radio so he could listen to the games that were broadcast.

The Blue Ridge tournament has been played and the Waynesville girls, although not winners, they did give the winners a run for their money.

It is not for me to make amends for the local lassies, but with Messer out of the lineup the team was without a doubt weakened. The Canton teams are good and well deserve the victory that is their.

After all, Waynesville did get two players on the girls all star pick for the first team, Rogers and Rathbone, one on the second, Phillips. In the boys pick, Smith was placed on the second string.

Back in Haywood another championship game was played Saturday. Fines Creek vs. Bethel, for the Haywood county title. The Bethel girls, defending their title of last year, came out victorious. The Fines Creek boys took the Bethel boys for the title.

There is yet another tournament in which the local teams will participate, the Cullowhee tournament, which will start today. Maybe they will have better luck this time.

**Fishing License Are Placed On Sale**

State Fishing License On Sale At \$2.10. Good Season In Prospect

With the tang of spring already in the air and the thoughts of sportsmen turning to their reels and rods, the game and inland fishing division of the Department of Conservation and Development is announcing that the new 1938 fishing licenses are now on sale. It is also putting out the gentle reminder that no person is allowed to fish in the inland waters of the state without a state fishing license, which costs \$2.10 except for boys and girls under 16 years of age, or unless fishing is confined to the home county of the angler in those sections where no county licenses are required.

The 1938 state fishing license is oval in shape and is made of chromium and black enamel. Each license is numbered, the number being stamped on the strip of chromium running across it. Along the upper rim of the license are the words "State Resident Fishing License" under which is the likeness of a fish jumping out of the water with a line in its mouth. Below the serial numbers, on the lower portion of the license, are the words "North Carolina, 1938." The license has a pin back so that it may be pinned to a shirt, coat or hat. It is regarded as one of the most attractive fishing licenses ever devised by the game and inland fishing division.

Non-resident fishing licenses may also be obtained, at cost of \$5.10 a year, or non-resident daily fishing permits may be had for \$1.10 a day. Resident daily fishing permits are only 60 a day. Combination resident hunting and fishing license may also be obtained for \$3.10, a saving of \$1.00 over the two purchased separately.

Better fishing should be in prospect this spring and summer than in several years, the division believes as a result of the extensive restocking program of the past several years and benefits derived from the establishment of natural spawning areas on large clear water streams.

Canton Girls Defeat Mountaineers 31 to 20 In Blue Ridge Tournament

After a hard struggle to reach the top in the Blue Ridge tournament in Hendersonville, the Waynesville Mountaineer girls' team lost to the Canton Black Bears in the finals by a 31 to 20 score. The Black Bear boys took the tournament in the boys division by defeating Mars Hill 27 to 15 with a good crowd of fans witnessing the changing hands of last year's titles.

Although the Waynesville lassies were unable to keep the title they won last year, the honor still is within the boundary of Haywood county which is something to be proud of.

Game Warden Plott Points Out That It Is Legal To Fish In County Every Day In Year

The sale of fishing and hunting license in Haywood county broke records during the past year, according to Cody Plott, game warden of this county.

The fishing license netted a total of \$2,359 last year, while hunting license netted \$2,504.

Game Warden Plott pointed out that it is legal to fish in Haywood county every day in the year.

Rough fish, which includes a big mouth bass and brim can now be fished, he said. The season on rough fish, however closes on April 15th, at which time the season game fish, which is trout, opens.

All indications are that this spring and summer will yield good fishing in the nearby streams, he said.

The dates for fishing in Sherman Forest have not been announced. Plott expects to have these dates soon.

**Baseball Practice Is Postponed**

The Hazelwood Manufacturers were scheduled to begin active practice last week, but postponed it until the playing field can be put in shape. They expect to begin this week-end on their first practice.

Due to the fact that the machinery needed to level the field could not be acquired, manager Bischoff postponed practice for another week, in the hopes that the field could be put into first class condition before actual practice began.

Manager Bischoff has assembled the equipment and as soon as the field is leveled will begin active practice.

**Farr And Baer To Meet Friday**

Topping the boxing card for the week will be the bout scheduled for Friday night between Max Baer and Tommy Farr at Madison Square Garden, New York.

This is the first attempt of Baer's start his come-back in the ring. He has been up before the Welchman before and got the worst of the affair. This time Max thinks things will be different.

The betting odds are even on Baer fighters and the bout looms to be a good one.
