**Seeks To Reduce House Membership**

William Lemke, representative-at-large from North Dakota since 1933, has proposed that the membership of the first House of Representatives be reduced to 138 from the present 435. The Constitution fixed the membership at 65, but the number has changed since that early date. Lemke points out that the reduction would save the tax payers large sums of money, as each Congressman gets \$10,000 in salary, his traveling expenses, and other perquisites. The change also would work to the relative advantage of the unpopulous states.

For example, while the House as a whole would be cut 68 per cent, North Dakota, whose 680,845 people now have two representatives, could not possibly be cut more than 50 per cent since the Constitution says each state shall have at least one representative.

**GOOD RELIEF**

of constipation by a GOOD LAXATIVE  
Many folks get such refreshing relief by taking Black-Draught for constipation that they prefer it to other laxatives and urge their friends to try it. Black-Draught is made of the leaves and roots of plants. It does not disturb digestion but stimulates the lower bowel so that constipation is relieved.
