

Last week we predicted that warmer weather was sure to come, and come it did. Several days the past week felt like it was time to take a dip in your favorite pool or the old swimming hole.

The people in this section of the state do not appreciate the ideal climate here. Last Sunday I was in upper South Carolina, and due to the fact that I was pushed for time I did not get to do what most of the inhabitants of that community were doing. Out of the several pools that I visited, all were filled to capacity.

Hazelwood has the "baseball" fever. Another team has been organized—the Independents. They saw some service last year, but are expected to play more games this season than they did last. According to the secretary of the club, most of the games will be played on Sunday, especially on the Hazelwood field when the Manufacturers play on Saturday. Since there is only the one field they have to arrange their games accordingly.

The Independents are made up of players not on the regular team of the Manufacturers, although one or two were used in the Murphy game last Sunday. This was on account of several of their regulars not being present.

The Manufacturers chalked up their second win of the season against Biltmore, the new member in the Industrial League, Saturday. It seems that the Hazelwood sluggers really pounded out the hits, getting two homers and a number of other base hits. Putnam pitched an unusual game, allowing Biltmore only four hits out of 34 chances at the bat.

Anything can happen in a baseball game as was shown at Biltmore. Despite the fact that Putnam allowed only four hits, Biltmore scored six runs, this was due to several costly errors made by the Manufacturers.

This week Hazelwood goes to Enka, last year's league champions, to play their first game this season together. It is expected that quite a number of local fans will make the trip to see the game.

In the fighting world the big attraction this week is the bout between Ross and Armstrong in the welterweight class. Both fighters have excellent records and it should be a great bout.

And while on the subject of fighting, it won't be long until the title bout of 1938 will be here, the one with Joe Louis, heavyweight champion and Max Schmeling, the main characters in the drama. This is the fight that the world has been waiting for and it takes place on the night of June 22nd at Madison Square Gardens.

**Manufacturers Win Over Biltmore, 11 to 6**

**Shut-Out Game Thrown Away By Costly Errors By Hazelwood; Putnam Pitched Air-Tight Ball**

The Hazelwood Manufacturers tramped Biltmore on the latter's field last Saturday by the score of 11 to 6, with Putnam, southpaw hurler for the Manufacturers, allowing only four hits throughout the game.

Due to several costly errors on the part of the Hazelwood players the Biltmore nine managed to get six runs. It was not until the seventh inning that a Biltmore player reached first base, and the game looked like it was going to be a shut-out, but then the errors began to happen.

Andy Wyatt led the Manufacturers with 5 hits out of five trips to the plate, a home run, a triple and three singles. Joe Scruggs also connected for a home run and a double out of four times at bat. C. McMahan managed to get a homer and a single out of four chances.

The win Saturday puts Hazelwood on the top side as to the number of victories, having won two and lost one game so far this season in the Industrial loop.

This coming Saturday the Manufacturers play the strong Enka team at Enka.

**Jim Wins Bout With Blaze**

Jimmy Braddock, former heavyweight boxing champion now retired, comes out of a bout with a blazing chair in his North Bergen, N. J., home with a burned hand. Mrs. Jim is doing the Red Cross work here.

**Ross-Armstrong Fight Center Of Boxing Interest**

Quite a lot of enthusiasm has been shown in the bout tonight between Barney Ross, welterweight champion of the world, and Henry Armstrong, negro, featherweight champion, in Madison Square Gardens. The bout is another fight promoted by the famous Mike Jacobs.

Although the bout is not in the heavyweight class it has caused quite a bit of interest in the fighting circles. Armstrong at present is featherweight champion and has everything to gain and nothing to lose when he meets the welterweight champion for the title. Ross weighs 142 pounds against Armstrong's 136.

Armstrong has one of the most outstanding records in knockouts in the history of the ring, in his last thirty-seven fights, winning all of them, thirty-five have been knockout bouts in Armstrong's favor. Although with a record as good as this one, the odds are seven to one on Ross, due to his experience and his ability to go the full 15 rounds. The negro has won most of his fights by knockouts and thereby not having to go the full limit.

The Hazelwood Independents won one game and lost one over the weekend. The Swannanoa nine invaded Hazelwood to lose to the Independents 25-11 last Saturday, with the Independents hitting at random.

Woodard, hurler for the Hazelwood nine kept the hits scattered and well in hand throughout the game. Outstanding players for the Independents were Johnson with a home run, two triples and a double out of five trips to the plate; Woodard two doubles, and Carrol Truit, two home runs and a double.

Batteries—Hazelwood, Woodard and Mehauffey; Swannanoa, R. Gardner and C. Gardner.

On Sunday the Independents journeyed to Murphy where they were handed a licking 7-1. The game was one due to the number of errors made by the Independents.

**QUICK WORK**  
**MEXIA, Tex.**—A few minutes after a man signed up with a group hospitalization plan, he was stricken with an attack of appendicitis and rushed to the hospital. An operation was performed and the only cost to him was—seventy-five cents.

The second baseball team organized and is now playing at Hazelwood—The Independents. In order to do this, the team has had to play home games on Sunday. The last Sunday at Waynesville, they won 1 to 0.

Sunday baseball is something for this community. While in other towns, it was a matter of course here this week, as to crowds would attend Sunday games right here in this community.

After many attempts, the fans are still having to go to other towns to see baseball games on Sunday. One time it appeared that the sudden change of mind of the city officials, blocked the attempt.

Some of those who were uncertain as to the support of day games, compared baseball movies, and cited that the city has taken to Sunday baseball that the same will be for baseball.

She explained the new program of the girl scouts, which includes the girl scouts, which is now working out in patrols.
