Pictures Of Roy Moseman And His Dog "Sallie" Get Wide Circulation

Local Blind Man's Action Pictures Appear In Some Of Nations Leading Papers

Pictures of Roy Moseman and his "seeing-eye" dog, Sallie, have been published far and wide, since Mr. Sharpe of the department of conservation and development was here early in July making action pictures of the Waynesville blind man and his dog. The pictures have been published in Boston, Washington, Baltimore, New York, Cincinnati, and other northern papers. Several of North Carolina's leading papers have carried the group of pictures. There were seventeen pictures made of Mr. Moseman delivering newspapers, and being led and directed by Sallie. One of the pictures showed the dog picking up money that had been dropped during the sale of a paper; another leading him across a crowded street, and his regular routine of entering and leaving places of business on Main street. Mr. Moseman and the dog walk about five miles a day, and do not always confine their route along paved streets and sidewalks. Several weeks ago, in company with a group, they took a mountain hike, going over rough steep trails. The dog and her master reached the top of the mountain first, and were the first to get back to the parked car. While Mr. Moseman attends to his duties at his confection shop and newsstand, the dog remains under the counter, and one would never know she was there except when money is dropped. A short time ago, while going along a street, Sallie stopped quickly, and gave a sudden growl. In a minute a man spoke and passed on. Mr. Moseman believes that the man had a stick and was idly swinging it passing the time, and would not have harmed them, but the dog was ready to protect her master in the event the man would have attempted an attack. The publication of the pictures of the two working together has brought Mr. Moseman several letters from other blind people, all asking questions about the dog and his work. Mr. Moseman says that the dog has made one or two blunders, all of which were his fault for not giving proper directions. Never has she led him in or near a danger spot. The two travel at the rate of a mile in twelve to fifteen minutes. While Roy is totally blind, he keeps up with the events of the day, and readily discusses any topic that might be brought up. The easiest one for him to discuss, is what he thinks of his dog—and the very fact that Sallie looks after him so well, proves she is returning this affection. Miss Ruth Edwards, of Waynesville, Route 1, who was accompanied by Miss Eunav Hawkins, of Asheville, has returned from a two week's vacation spent in Ohio, where for the greater part of the time she was the guest of her uncle and aunt, Mr. and Mrs. J. J. Edwards, of Lorain. Other points visited by Miss Edwards were Columbus, Cleveland, Cincinnati, Akron, Canton, Youngstown and Elyria.

ORGAN RECITAL TO BE GIVEN TONIGHT—PUBLIC INVITED

The Business and Professional Women's Circle of the Presbyterian church will present in an organ recital at the church on Main street at 8 o'clock tonight. Mrs. Elizabeth de Laet, who will be assisted by Mrs. Marguerite Spurlock, contralto. Mrs. de Laet is a well known organist, who has been an artist of note for several years. She has held important positions in Virginia, Georgia and North Carolina, and has studied under concert organists in Richmond and New York. Mrs. Spurlock has a rich contralto voice and received her voice training under Pierre Cozime, of the Albion Conservatory of Music, of Albion, Michigan. The public is cordially invited to attend, with a special invitation extended to all the summer visitors.

Mr. and Mrs. Gilmer Leatherwood and three daughters, of Greenville, S. C., are spending a fortnight with relatives and friends in the county. Mr. Leatherwood is a former resident of this section.

Miss Charlotte Chastine, of Ratcliff Cove, is visiting Miss Ruth Edwards, at her home on Route 1.

Mrs. Robert Fry and young son, Robert Fry, Jr., of Murphy, are visiting the former's mother, Mrs. Garrett Reeves, at her home at Lake Junaluska.

HINTS FOR HOUSEWIVES

Note to Tom Sawyer: Surfaces to be whitewashed should first be well cleaned and freed of any particles that might scale off. Rub with a stiff brush or broom. Whitewash adheres to moist surfaces better than it does to dry ones. So sponge off the area to be whitewashed with cold water.

Let the dirt around a potted plant come within half an inch of the top of the pot. Then fill the pot with water every day for the average house plant. If you have unusual plants, ask your florist about the amount of water they need.

Do you want something especially tasty for picnics around the camp fire? Broil or brown thin slices of ham. Dip each slice in a shallow dish of chili sauce mixed with seasoning and place it inside a split roll. Be sure there are plenty of pickles handy.

To facilitate the removal of frozen food from refrigerator trays line each tray with waxed paper before filling it. When the food is frozen, lift it out by the edges of the paper. The paper may be torn off easily.

Cocktail tidbit: Make one-inch cheese-riced croquettes. Fry them in deep fat. While they are piping hot stick them on wooden picks and arrange them as the outside layer of a tray of assorted canapes.

Next to getting a man to go to work, is to get him to get down to work after he gets there.

The number of folks who figure your car is a public utility, is always increasing.
