

### Young Democrats Call Meeting

Young Democrats of Canton, District 11th Congressional District, has called a district meeting for Saturday at the George Van-Hotel, Asheville, at 8 o'clock. The purpose of the meeting is to send a large delegation to the State Convention, which will be held in Durham.

### E. W. Gudger Returns For Visit To Home Town

Eugene W. Gudger, of the American Museum of Natural History, who is an international authority on paleontology, has arrived for his annual visit here of several weeks. Dr. Gudger lives in New York.

### What's the Answer?

By EDWARD FINCH

WHAT IS THE ORIGIN OF THE "BEST MAN" AT A WEDDING?

THIS custom dates back to the time when men bartered for their brides and took with them their best friends to aid and advise them in the negotiations. It was assumed that the prospective bridegroom was under great strain and that he needed assistance both mentally and physically for the days immediately preceding the ceremony, so his friend, the "best man" of the two, acted as his personal guardian until the knot was tied!

### W. N. C. Farmers And Wives To Meet At WCTC Next Week

Three Days Session To Be Held At Cullowhee On 6, 7, And 8th Of This Month

The second annual Farm and Home meeting for Western North Carolina farmers and farm women will meet at Cullowhee September 6, 7 and 8. This Western North Carolina farmers' and farm women's meeting was inaugurated to solve the problem of hundreds of mountain agriculturists who are unable, because of the distance to attend the annual farm and home week at State College each summer. With a program of education and recreation designed similar to that of the state-wide meeting, the Cullowhee conference enables farmers with allied crops and problems to meet and exchange ideas and hear timely advice from Extension Service specialists.

Farmers and farm women may attend the three-day meeting at Cullowhee September 6, 7, and for a total of only \$3.50 each. This includes seven meals, and two night's lodging with bed linen and soap furnished. Only paper towels will be supplied by the college, so it is suggested that those attending bring some towels. For any person attending part of the meeting, the cost will be sixty cents each night for the room, and thirty-five cents for each meal.

An outstanding group of speakers has been obtained for the meeting. T. B. Hutchinson, agronomist for the State of Virginia and an outstanding authority on pastures and crop rotation in the South, will speak. Many of the Extension Service specialists are expected to be present for the meeting, and also others who are specialists in their fields. Frank M. Davis, manager of the Haywood Mutual Canning Association, who was elected head of the organization at the meeting last year, will preside.

On Wednesday night the Haywood County Mutual Soil Conservation and Land Use Association, Incorporated, will show a moving picture. This association is composed of the Unit Test and Area Farm Demonstration farmers of Haywood county. The picture

### GEMS FOR YOUR SCRAPBOOK

"Equality"

"The true standard of equality is seated in the mind; those who think nobly are noble."—Isaac Bickerstaff.

"As a man is equal to the Church and equal to the State, so he is equal to every other man. The disparities of power in men are superficial."—Emerson.

will deal with different scenes taken from these farms since the 1st of the year, 1938. It is hoped that many of the farmers and farm women of our county will be able to see this moving picture at Cullowhee.

Anyone who plans to attend the meeting and has not received a card from the county agent's office should contact the county agent's office before Saturday, September 3, so that preliminary arrangements can be made.

Transportation will be provided for persons who do not have a way, if these persons will contact the county agent's office. Due to the extra trouble in registering late, it is planned to leave Waynesville by 8:30 o'clock Tuesday, September 6, for those who plan to attend the meeting.

### Along the N. C. FARM FRONTS

#### 18 PER CENT DROP

Farmers' cash income from marketings in July totaled \$609,000,000 as compared with \$740,000,000 in the same months a year ago, or a drop of 18 per cent, the U. S. Bureau of Agricultural Economics reports.

#### GET LARGE SUM

North Carolina farmers received \$9,710,780 for co-operation in the 1937 Agricultural Conservation program, says E. Y. Floyd, AAA executive officer at State College.

#### IMPROVED OUTLETS

Improved market outlets for American apples and pears are expected in Europe during the coming marketing season, according to reports of the U. S. Bureau of Agricultural Economics.

### Hereford Breeders Of State To Meet

Will Gather At Sunburst Farm Of Jack Hipps For Annual Meeting

The annual State Hereford Breeders' Get-together will be held at the Sunburst Hereford farm owned by Jack Hipps Friday, September 9. The meeting is called at 10:30. This meeting of the purebred Hereford breeders is the second annual meeting held, and it is hoped by the Hereford breeders that it will become an annual affair.

Mr. Hipps has planned the program, which includes judging and inspection of his herd; he also will furnish lunch to persons who attend this meeting.

The afternoon will be principally devoted to a discussion of an annual Purebred Hereford Consignment Sale and any other business which may be brought up at this time.

Mr. Hipps extends a special invitation to all Hereford breeders in Haywood county and requests that they leave word in the county agent's office if they intend to come. This will help Mr. Hipps in providing lunch for the group. Invitations have been sent to Hereford breeders in thirty-six counties of North Carolina, and a large number of out-of-county breeders are expected to attend this meeting.

L. L. Case, Extension Beef Cattle specialist, will be present at this meeting and have a part in the program.

York, he makes a visit each year to his home town in which he maintains an interest in local affairs.

### CARDUI

In this modern time something wonderfully worth while can be done for practically every woman who suffers from functional pains of menstruation. Certain cases can be relieved by taking Cardui. Others may need a physician's treatment.

Cardui has two widely demonstrated uses: (1) To ease the immediate pain and nervousness of the monthly period; and (2) to aid in building up the whole system by helping women to get more strength from their food.

## Statement By Mayor and Board of Aldermen of Town of Waynesville

Whereas a bond election has been called in the town of Waynesville for Tuesday, September 16th. The Mayor and Board of Aldermen desire to acquaint the voters with the reasons therefor and facts in the case—

### Sewer Project

1. The Town of Waynesville delayed construction of a sewer project, which was ordered by courts several years ago in order that they might seek aid in connection therefrom the United States PWA.

2. The joint application of towns of Waynesville and Hazelwood has been approved as follows:

Grant or direct gift . . . . . \$100,227.00  
Loan from government at 4% . . . . . 122,500.00

Total for Project . . . . . \$222,727.00

3. Waynesville's part of the \$122,500.00 loan is \$86,000.

4. In order to secure the gift from PWA, the voters must approve the bonds before October 1, 1938, otherwise it would be necessary to borrow the entire amount at a high rate of interest.

### Water Expansion Project

1. While the town has sufficient watershed facilities for present and future needs, the filtering equipment and pipe lines are not adequate to bring sufficient water to the town to take care of any emergency or unusually dry season; or to meet normal demands as the community grows.

From engineer reports, the board is convinced that an emergency condition exists, necessitating immediate enlargement of the water equipment.

The State Board of Health, in reviewing the town's water system, strongly urges contemplated improvements, including additional pipe lines and new filtering plant.

2. Application has been made to PWA as follows:

Grant or direct gift . . . . . \$ 50,885.00  
Loans from government at 4% . . . . . 63,415.00

Total for Project . . . . . \$115,300.00

3. In order to secure this gift, the voters must approve the loan before October 1, 1938.
