MILLER'S RABBIT HUNT IS ATTRACTING LOTS OF ATTENTION

With the opening of the hunting season, the mechanical toy of a dog chasing a rabbit into a hollow log, and then the cotton tail confronts a hunter with a gun at the other end. jumps back into the log, is attracting much attention at Abel's Garage.

The toy was made many years ago by George Miller, of Bethel, who recently put on the market an inlaid library table, which took 18 months to make.

The toy is whittled out of wood, with the mechanism operated by a stout spring.

Mr. Miller got a patent on the toy several years ago, and is looking for some toy manufacturer to take up the plans and put it on the market.
