GUERNEY P. HOOD, Commissioner of Banks, No. 801—Sept. 29-Oct. 6-13-20.

Deaths

CICERO J. ARRINGTON

Funeral services were held on Monday morning at 11 o'clock at the Pleasant Balsam Baptist church, for Cicero J. Arrington, who died at 2:25 Sunday morning. The Rev. Ben Cook, pastor of the church, assisted by the Rev. A. C. Arrington, officiated. Burial was in the Red Bank cemetery.

The Waynesville post of the American Legion had charge of the last rites at the grave, and the Legion members served as pallbearers.

Mr. Arrington was born on November the 14, 1889, and is the son of Mrs. Rachel Arrington, and the late William T. Arrington. He was a veteran of the World War, having enlisted on August the 22, 1916 before the U. S. was involved, and discharged on December 3, 1918. Mr. Arrington was by trade a carpenter.

Surviving are his mother, Mrs. Rachel Arrington, three sons, Albert, Jack and Charles, two daughters, Dorothy and Margaret; three sisters, Mrs. Elizabeth Hill, Mrs. Addie Eavanson, and Mrs. Rhoda Rickman, all of Waynesville, Route 1; one brother, Paul Arrington.

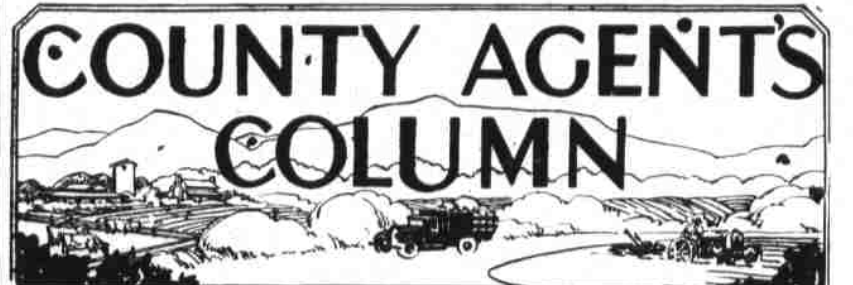

Contract For Six Miles Of Parkway Ready To Be Let

(Continued from page 1) the two contracts, for the section between Wagon Road Gap and Tennessee Bald would be about all to be let until the new appropriation next year.

This section of the parkway would provide several scenic loops as the road from Rosman and also Sunburst to Tennessee Bald is being pushed rapidly.

Mr. Ross said that no date had been set for advertising for bids for the Soco Gap-Cherokee road, but that the contract would be let without much delay, in his opinion.

The highway attorney attended the series of conferences in Washington, at which time plans were completed for North Carolina to turn over to the Federal government highways within the park area. At the same conference, park service officials completed plans for building a camping ground at Flat Creek, and this in the opinion of Mr. Ross, will become one of the most popular spots in the park. He described camping grounds under construction in Virginia and other places, and pictured them as places of man-made beauty, with all conveniences for ideal living.

Applications for more than 2600 tons of ground agricultural limestone have been filed in the Haywood county agent's office. It is expected that applications will total approximately 3000 tons before the closing date for filing applications.

The closing date was originally set for September 30. However, this closing date for accepting applications has been changed to October 8, which gives another week for filing applications. October 8, is the latest date at which the applications can be accepted because it requires over a week to get the applications in to the company furnishing the lime. Also the lime should be spread at a rate of not less than 1 ton per acre on or before October 31, for it to count on the 1938 Soil Conservation program.

Several car loads of ground limestone have arrived at the various shipping point in Haywood county. Farmers are hauling out this lime and spreading it now. Fall spreading has an advantage over spring spreading in that roads are better and it is easier to get over the fields upon which the

lime is to be applied. Persons wishing to apply for ground limestone under the provisions of the 1938 Soil Conservation program are urged to apply at once at the county agent's office.

Comparison Of World's Armed Nations

Table with columns: NATION, Regular Army, Air Force, Reserves, Total Army, Navy Tonnage, Battleships.

News commentators generally agreed last night that there is now a possibility of peace in Europe, instead of war which for a while this week looked inevitable.

All the while, it has been claimed that Italy was in agreement, and would assist Germany in the event of war, but yesterday, according to news commentators, there has been a decided change in Italy's attitude, and that in the event of Italy's withdrawal from the support of Germany, that Hitler will realize that he alone cannot hope to successfully combat England, Russia and France.

ator in this crisis. England, France and Russia are believed to have invaded; and Hitler has mobilized a vast army to invade the little countries in the heart of Europe. It is believed that concessions are made today has been originally set as a deadline for these concessions, but conference today might work out an agreement that will further delay threatened invasion.

Loans Offered Farmers For Fall-Winter Crops

The time has now arrived for farmers to plant their 1939 crops. Many will want to plant winter legumes such as vetch, Austrian winter peas, and crimson clover for soil building so badly needed on most farms.

The Farm Security Administration is now in a position to assist in making your plans for fall crops as well as for crops in 1938. In case you are in need of some cash for seed or fertilizer it is suggested that you apply at that office at once, so that proper arrangements may be made to take care of your requirements.
