Woman's Club Offers Prizes For Living Christmas Trees

Mrs. C. F. Kirkpatrick, chairman of civics of the Woman's Club, has announced that her department is again offering prizes for the most attractively decorated living Christmas tree and the most effective outdoor decorations on lawn and house.

A prize of \$2.50 is offered in each class. The judges will make the rounds on Christmas Eve night and make their awards.

For the general Christmas decoration program of the town every home owner is urged to enter the contest. The contestants are asked to notify Mrs. Kirkpatrick of their entry in the contest.

Shapely Maple On Main Street Transplanted By Liner

The maple tree that stood in the corner of the yard of the Kenmore Annex on Main street here, had to be removed for the driveway of the service station, in spite of the hopes of many local citizens that the tree would not have to come down.

Jerry Liner, contractor for the station, took a special liking to the shapely maple, and instead of just chopping it down, had workmen carefully dig it up, and he has had it hauled to the yard of his new home and planted.

Loading the heavy tree on a truck recently was the cause of much curiosity. The tree and dirt around the roots weighed so much that the special lifting truck used by the city light department was called in to assist. Twelve men had to stand on the front of the truck when the lift was made to keep the heavy tree from over balancing the truck.

There was much speculation among the crowd as to whether the tree would live, but the reminder that the trees on the court house lawn were transplanted in a similar manner, gave reason to the doubters that Mr. Liner will have a beautiful shade tree next spring.

Benefit Punch And Judy Show To Be Given At Library

A Punch and Judy show is to be given at the Waynesville Public Library on Saturday, December the 10th. Each performance will last 45 minutes, and there will be three shows, one at 10:30, 12:30 and 1:30. A nominal charge will be made for children and adults.

The show is being put on by Mrs. Joseph Tobin, who is spending several weeks in town. The proceeds will be divided between the Christmas cheer of a local church on the outskirts of town, and the book fund of the Waynesville Public Library.

As many children will be in town to visit Santa Claus on Saturday, parents are urged by Miss Medford, librarian, to include attendance at the show in their day's program. Or better still, she suggests that you might leave the children while you do some special shopping.

COUNTY TEACHERS MET HERE SATURDAY

The teachers of the Haywood county schools held a meeting on Saturday morning in the auditorium of the Central Elementary school, with Paul Grogan, of Cruso, president of the group, presiding.

The importance of vocational training claimed the major part of the program in talks and discussions. Mrs. Oral Yates, teacher in the Cecil school, spoke on vocational guidance for girls, while I. A. McLain, teacher of agriculture of Bethel, talked on vocational guidance for boys.

L. M. Richeson, superintendent of A. C. Lawrence Leather Company, of Hazelwood, addressed the group on "Specifications," in which he pointed out the demands of industry on the schools, and just what type of information and training the students should receive in the public schools. The Rev. J. G. Huggin, Jr., pastor of the Methodist church, led the devotional feature of the program.
