

**NEW YEAR'S REZOLUSHUNS**  
 make good Rezolushuns  
 nothin' but a cinch,  
 ke 'em by the yard, you know  
 keep 'em by the inch.  
 es, that's the way Uncle Abe  
 et to do. Why, back when I didn't  
 enny better, one year I think I  
 de 49 . . . like rezolvin' to read so  
 any verses of Scriptur ever day,  
 eckersize from 6:30 to 6:45—  
 breathe deeper—from chist up—  
 smile a little more—  
 don't eat corn bred when it's too  
 (the bred I mean)—  
 to out behine the hous to pick yore  
 (my teeth) et setry.

Well, Dad's orders purty soon in-  
 ferred with my eckersize—he had  
 eckersizian' in the corn crib, shuck-  
 off shucks fer the cows an' gitten  
 bins before breckfast; then aiter  
 ckfast I had to eckersize with the  
 on the woodpile.  
 At meal time I wuz so hungry I  
 glad to git my corn bred enny  
 y; hit wuz ginerly too cold to  
 nd behine the hous; the fam'ly  
 de fun of me when I fixt on my  
 y smile . . . so that it ended up by  
 droppin' the whole darn program  
 about 10 days.

Since then I've larnt that it's best  
 make just a few rale good, sensi-  
 Rezolushuns—like the one's I've  
 de this year, only five. Here they

1. Run five miles ever mornin' be-  
 re breckfast—

2. Stand on yore hed (my, hed) 3  
 times daily before each meal—  
 3. Run for Constable in 1940 . . .  
 start shakin' hands now—  
 4. Taper off on cussin'—  
 5. Study the Almanick more.

You see, Nos. 1 and 2 pertane to  
 my helth No. 3 is a bizness an' fi-  
 nanshal rezolushun. No. 4 is to build  
 up my car-reckter an' No. 5 is for the  
 cultivashun of my mind.

Now, No. 1 will put mussell whir  
 thar's not enny. I'm to run with my  
 straw hat off, bare-heded. One  
 mornin' I'll take off down toarg  
 Joonalusky, nex up the highway past  
 Hazelwood, an' next mornin' I'll prob-  
 'ly take off out the Dellwood road . .  
 sorter alternate, you know, what-chu-  
 call-it. I know this will look sorter  
 strange, to see me runnin' the roads  
 like this, hat off an' tung hangin' out;  
 but I want to warn everybody now to  
 not stop me, caze I g-yarantee that  
 I'll not be mad nor I won't be runnin'  
 for the docktor nor far department.  
 An' I don't want ennybody to pick me  
 up neather as that wood interfere  
 with my New Year's Rezolushuns.

No. 2 is to aid my di-geschun, to  
 help me git the gas off my stummick  
 without havin' to take so much soady.  
 I can allredy stand on my hed  
 'bout a minit by Mrs. Abe holdin'  
 my heels, but I want to work up to  
 at least 20 minets on the stretch.

No. 3—that's my Constable Rezo-  
 lushun. You see, I realize that the  
 man what beats Shurf Buchanan in  
 1940 will haff to start workin' now . .  
 an' do like Princess Massey yooce to

do—shake hands with ever body I meet.

My Almanick Rezolushun (No. 5) is probly the best of all, seein' as how I've de-sided to do a little farmin' this year. Then, besides, a feller can rally post hisself up out of a good Almanick, 'bout as much as a farmer needs to be posted. Rite now I'm a-studyin' the "See-zuns an' Facks Bout the Earth." I see that the fertile soil on the earth's surface is about 32 millun sq. miles; but I don't think the man counted in what's in my Huckleberry-Nat farm, caze he didn't write me ennything about it. I also notis it sez under "Good Plantin' Days" to begin first of March and plant rite on till the last day of July, 'cept on the days when the Sine's not rite.

What I don't understand is, it don't say ennything 'bout the good harvestin' days endurin' that time; and if I waited till August with all my crop I coodn't git it harvested—and the huckleberries woodn't wait. So, I've de-sided to harvest between times, when the Sine's not rite fer plantin'.

But I wuz 'bout to forgit No. 4—that's fer the bennyfit of my car-reckter. Mrs. W. D. McCracken sez that's my best Rezolushun—to taper off, gradual like, on cussin'. Now, if Uncle Abe hadn't a had hiz basement walled in an' pipes protected he prob'ly woodn't a made No. 4, but seein' as how my pipes air o. k. now, I think I can safely make it.

My Almanick sez that Jupiter will be the evenin' star till Mar. 6th, then—by Jupiter! it changes to the mornin' star.

The re-zults of my studies will be con-klooded nex' week.

UNKLE ABE.

**Evils of DISEASED TONSILS**

The question of whether or not to have infected tonsils removed, and the delay in making the decision, has cost many children their health.

The tonsils seem to be favorite lurking places for germs and infections that spread through the blood to other parts of the body, with dire and painful results. Rheumatism, rheumatic heart trouble, ear trouble, St. Vitus dance and susceptibility to scarlet fever and diphtheria are some of the more serious things that may result from diseased tonsils. Repeated attacks of tonsillitis are dangerous, and usually precede some of the above mentioned complications, and other more remote diseases.

Removal of tonsils in a child, from three years of age and up, is a quick, practically painless operation, and the child is usually comfortable in a few hours. In a grown person the mental and physical suffering is greater, and the tonsils may have caused irreparable harm before their removal.

Therefore, consult your Physician and follow his advice about removal of infected tonsils.
