

Balsam News

Mr. and Mrs. Edward Parson, a charming young couple from Miami bought the Balsam Lodge from Mrs. Boice this winter and will manage and operate it. The young couple hardly need an introduction for they were both connected with the Gordon Hotel before their marriage and are well known in this section. They also have many friends in Florida having been connected with the San Sebastian Hotel.

The lodge will be open from May the twenty-fifth to October the first. Mrs. Parson thinks that tourists coming back from Florida the latter part of May like to break

their trip here and see the mountains in their new spring dresses; also more and more people like to stay through September to see the mountains don their colorful Scotch Plaids.

The Parsons have worked hard to get things in shape for the season, the lodge needed this renovating and repairing for it had been leased out for a number of years. The tennis court in front of the lodge will soon be ready. Steaks and barbecues will be arranged every week or so at the Parson Cabin on the creek.

Balsam has the highest railroad station east of the Rocky Mountains. Out here the days are cool and the nights are comfortable. The lodge has a typical mountain setting. From the front porch and

bedroom windows can be seen two lofty peaks, Water Rock Knob and Jones Knob. It's a treat to sit in a rocker on the front porch and watch the clouds floating over their heads. If you are more ambitious you can reach their summits on foot or horse back for a grander view.

Whether you come for the summer, a month, week, day, or just drop in for a cup of tea, a very cordial welcome awaits you. All of us at Balsam wish this young couple well in their undertaking.
