

L. A. McLain Named Master Of Bethel Grange 4th Time

At a meeting of the Pigeon Valley Grange held in the lodge hall at Bethel last week the following officers were elected to serve in 1941:

L. A. McLain was re-elected master for the fourth straight year; overseer, Van Wells; steward, D. D. York; lecturer, Mrs. I. A. McLain; chaplain, George Stamey; secretary, Judson Pinner; treasurer, George Smathers; assistant steward, Ellis Wells; gate keeper, Marvin Long; Ceres, Mrs. George Stamey; Ponom, Mrs. Ed Wells; Flora, Mrs. Carl Edwards; lady assistant steward, Anna Mae Long and member of executive committee, C. S. Rollins.

Before the election of officers the group enjoyed an oyster supper.

A drive will be launched for new members by two groups under the leadership of Mrs. Carl Edwards and Mr. Van Wells. It was decided to reduce the entrance fee fifty cents for each new member during the drive which will last until the last of February. There are forty members of this grange at present.

Ehrnighaus Talked Of As Senatorial Candidate

The name of former Governor J. C. B. Ehrnighaus, now four years in private life, was easing back into the political talk in this section today as politicians began to size up the United States Senatorial campaign spring after next. Two names were being discussed as possible opponents of Senator J. W. Bailey, Governor Ehrnighaus and former Speaker Libby Ward, of New Bern.

The possibility of Governor Ehrnighaus being a candidate was especially intriguing to those politicians who like their politics with a lot of complications.

Strong Figure

He, for instance, went in as governor as one of the choice members of what had been called the Shelby group, if not dominant to the point of being dictatorial then at least powerful enough invariably to get elected. In that position, then he would seem to be assured of strong support.

But, on the other hand, Senator Bailey and Shelby were as close as cigarettes in a pack last spring when their mutual friend, J. M. Broughton, ran far ahead of the crowd in the race for Governor. The nifty political outfit set up then, combining the Baptists, the Methodists, the women, the conservatives and the liberals, would be like a gift from Heaven for Bailey if he has hard opposition.

The situation has its possibilities and politicians were watching it with deep interest.

Tuberculosis Control

Nowadays, the average white person, up to the age of 25, has about one chance in 30 of eventually dying from tuberculosis. Less than two decades ago the chances were twice as great.

Mountain Joe ...

MOUNTAIN JOE

Boy, Oh Boy ... I'm as thrilled as a small child. I am down here at Burgin's store opening and putting toys together. Hundreds and hundreds of them.

In all my born days I've never seen so many. All kinds. Some for the little baby, some for the older children and even some that daddy and grandpa will like to play with. The price tags we are putting on these toys is mighty low. You will have to see how cheap they are, as I can't tell you.

Come on down to Burgin's and see for yourself all the wonderful buys they have in toys and other things for a Merry Christmas.

The racks of candy, nuts and fruits is so tempting that it is hard to stay away from them. The prices are so low that this year every little boy and girl should be able to have all they wanted, if they send their parents to Burgin's to get things ready for Santa's arrival.
