Farnham Says February Is Time To Seed Pastures

Outsmart the weather and seed your pasture in February!

That is the suggestion made to North Carolina farmers by F. R. Farnham, Extension dairy specialist of State College. He points out that a successful stand of grass depends upon sufficient moisture, and March and April are usually comparatively "dry months."

Farnham says that because of the extreme dry weather that prevailed over much of the state last fall, scores of farmers did not sow pasture grass seed and still have them on hand. Pasture grass can be seeded either in the fall, or from February to April in the spring. "It is wise to get the seed in the ground in February, judging from past experiences," the specialist declared.

Farnham says that it is important to have a compact seed bed. He suggests that old pastures be reseeded without burning off the broom sedge or plowing the land. Instead, he says, the top soil should be disced or scarified lightly, being careful not to penetrate the soil more than three inches.

A sample of the soil should be sent to the State Soil Testing Laboratory, Raleigh, where it will be tested free for acidity. Then the correct amount of lime can be applied, and this is also very important, Farnham stated.

In order to insure a good start, the grass seeds should be mixed directly with a good balanced fertilizer, using from 300 to 500 pounds of fertilizer per acre. The seed and fertilizer should be mixed and poured into the drill, and if possible the mixture should be drilled both lengthwise and crosswise of the field.

Red Cross Assigned Largest Quota In Present Crisis

The production division of the local Red Cross chapter has received another quota, which is requested to be shipped and completed by May 31st.

The quota is much larger than any heretofore apportioned the chapter and volunteers are urged to apply for materials to make garments, and for wool, to knit into sweaters and shawls.

All those who will make garments are requested to notify Mrs. C. C. White, who is chairman of sewing, and those who will knit are urged to get in touch with Miss Alice Stringfield and Mrs. George Bischoff who are in charge of the knitting.

The quota is as follows: 4 men's sweaters; 8 women's sweaters; 16 children's sweaters; 12 bed shirts; 17 operating gowns; 20 complete layettes; 12 women's cotton dresses; 16 girls' cotton dresses.

The following additional garments are requested in as large numbers as possible, with no limits set: women's skirts, girls skirts, boys shirts, boys shorts, and boys overalls; crocheted shawls, caps, children's knitted suits; afghans, bibs, convalescent robes, hospital pajamas, mufflers, mittens, children's stockings, and men's socks.

All materials for the garments and knitting will be sent to the chairmen in the near future and as the quota is the largest ever sent to the chapter, those in charge, are urging that volunteers start to work at an early date.

Applications For Stokowski's NYA Orchestra Ready

John A. Lang, state NYA administrator, has announced during the week that state-wide preliminary auditions will be held during this month for Leopold Stokowski's All-American Youth Orchestra.

Anyone interested in Haywood County is asked to make application through the office of Mrs. Jimmy Boyd, county NYA director.

Under an agreement which has been worked out by Aubrey Williams, National NYA administrator, and the noted conductor, state and local offices of the National Administration will receive applications from talented young musicians and arrange for the preliminary auditions, in which five of the best musicians in each state will be selected.

Mr. Stokowski himself will make a nation-wide tour starting March the 4th, from Hollywood to conduct the final auditions, in which he will select 100 members of the orchestra. This orchestra of "musical ambassadors," will make a tour of cities in Canada, Mexico, and the United States, starting in May.

Young people from 17 to 25 years of age are eligible, except in cases of unusual talent, when the age limit may be made slightly higher or lower. Youth accepted for the orchestra will be paid union rates as in the last year's tour.

Crabtree School Offers National Defense Courses

The National Defense Training program, opened last week in the shops of the Crabtree school. The courses are being taught by Joe Medford and will offer various types of carpentry.
