

# BOY SCOUT

## Program Moves Forward

**We Salute The Boy Scouts of America  
The Men of Tomorrow – The  
Champions of Democracy**

The United States may well be proud of her Boy Scouts. As an organization they stand for the principles of liberty, justice, and righteousness, and all the moral, mental and physical ethics taught in our finest homes and churches and schools. As individuals they are honorable young men to whom we Americans like to refer as being "clean cut."

It is the sincere wish of those who are sponsoring this announcement of Boy Scout Week that through it, the people of Waynesville and Haywood County may become more fully conscious of the magnitude and importance of the Boy Scout Movement. Much of America's future depends on the men of tomorrow, men who today are members of the Boy Scouts of America. To them we point with Pride and look with Hope.
