FIRST BAPTIST CHURCH

Horace Greeley Hammett, Pastor.
In days of confusion, disorder and madness there is deep need of something to restore sanity and give humankind the key to victory. This answer is found in the Bible study at 9:45 Sunday morning as the great theme of "Prayer" is studied. The pastor will continue emphasis on this theme at the morning worship at 11:00 o'clock, after taking note of the bondage of sin and the prison walls that surround our lives, with the sermon topic, "Breaking Out Of Prison."
In the evening the opportunity to study and worship will be afforded to all with the Training Union and Brotherhood coming together at 6:30. At the worship hour at 7:30 the pastor will preach on the subject, "Commendable Disobedience." In a gospel song service, using the great old hymns of the church, all entire families present will be recognized.

At the prayer service Wednesday the study of the Parables will be continued in the emphasis on the Parable of the Mustard Seed and The Leaven in Matt. 13:31-35.

Other weekly privileges of service for those sincerely desiring to find a place to invest time will be Junior Choir practice Thursday night at 7:30 and regular choir practice Friday at 7:30.

The clock of life is wound but once
And no man has the power
To tell just when the hand will stop.
At late or early hour.
Now is the only time you own:
Live, love, toil with a will;
Place no faith in tomorrow, for
The clock may then be still.

CHRISTIAN SCIENCE LESSON-SERMON

One of the citations in the lesson-sermon is from Corinthians 4:6, "For God who commanded the light to shine out of darkness has shined in our hearts to give the light of knowledge of the glory of God in the face of Jesus Christ."

Bermuda is said to be troubled by too many cats, instead of rats which formerly infested the island. Rats were brought to Bermuda by early sailing ships, and became such a plague that cats were imported to destroy them. Now the rats are gone, but the cats have so multiplied as to become a nuisance.
