Plea for \$1000 Stuns Senators By Its Modesty

RICHMOND, Va.—Carroll Miller, of Martinsburg, W. Va., brought such a modest request before the Senate appropriations committee in Washington that he was given special recognition.

Miller, secretary and treasurer of the Appalachian Apple Service, comprising apple growers of Virginia, West Virginia, Maryland and Pennsylvania, asked for \$1000 to continue a marketing news service for the four-State area.

"You are the only witness here," commented Senator Russell, of Ga., "who has discussed anything that would cost as little as \$1000. We will be glad to give you all the time you need, and you may have a seat there."

COTTON

Cotton growers of the United States will plant a total of 24,289,000 acres to the crop this spring, according to the second Journal of Commerce acreage survey of the season.

The Dominion of Canada produced 120,976,000 pounds of factory cheese during 1939.
