American Legion Awards Given

(From The Waynesville Hi-Life)

On Tuesday night, April 29, at the graduation exercises of the Senior Class, Betsy Siler and Billy Millar received the American Legion awards. Each year this organization presents medals to two students graduating from the seventh grade who in the opinion of their teachers have been outstanding citizens of the seventh grade. The awards are based on scholastic ability and traits of character that go into making better citizens.

Betsy Siler, the daughter of Mr. and Mrs. Rufus Siler, has a high scholastic standing. She has served as president of her home room, and is a member of the art club. Betsy is also a Girl Scout.

Billy Millar, the son of Mr. and Mrs. W. H. F. Millar, has shown a fine spirit of co-operation, and has proved to be a real leader in his class. He has maintained a high scholastic average throughout the year.

Fishing is popular. It is one of the few sports a man can enjoy without exerting himself.

Urges Clean-Up

MAYOR J. H. WAY, JR.

The Clean-Up, Paint-Up and Fix-Up movement is being urged by the city officials, headed by the mayor. Provision has been made to increase facilities to haul away all trash.

Trucks Will Haul Away Trash, Town Asks Cooperation

Many Reasons Cited For Need Of Making Community Spic And Span

A proclamation to the citizens of Waynesville by Mayor J. H. Way, Jr., appears in this issue, asking that they co-operate in the Annual Clean Up Week. Every property owner, business man or home maker is urged to take part in the campaign.

While the town trucks have a regular daily schedule of hauling trash from the business places on Main street every day, and the private homes on each Monday, Wednesday, and Friday, during the coming week beginning on Monday morning they will carry rubbish every day from business and residential sections for the duration of the week.

Where it is possible alderman T. L. Bramlett, who is in charge of the streets, is asking that all debris which is to be hauled off, be placed in boxes or arranged on the side walks so that it will not be scattered by the wind to surrounding areas, as the truck drivers will not have time to gather up rubbish under these conditions.

Mayor Way is urging that as never before the citizens make a thorough job of cleaning up their premises, getting ready for the hundreds of tourists who may visit Waynesville this summer.

Special attention is called to the backyards of the business places where so often there is an accumulation of waste paper and boxes that may be out of sight of Main street for the time being, but eventually will be blown about and land out in front of the buildings.

Along with the general clean up campaign the town officials are asking that citizens check up on plumbing, wiring and repairing in general.

Old dilapidated buildings, garages, and fences that are of no services or value should be torn down. Often such items destroy an otherwise attractive outlook.

The officials are also asking that high hedges and shrubs at the intersection of streets and adjacent driveways or alleys be trimmed at this time.

Another phase of the clean up campaign is to remove every old discarded car or truck that is thrown on some side street, as such things detract from the general appearance of the vicinity. There are few things more desolate looking than an old rusty motor vehicle.

It was pointed out that to have the clean up campaign effective it will take the co-operation of the entire community, and every citizen is urged to do his or her part.

The paint-up feature of the week is also urged. It was pointed out that nothing can so rejuvenate the appearance of buildings or fences than a coat of paint, which also serves as great a purpose as a preserver of property as a beautifier.

Divorced Mother Spurns Her Baby

BOSTON — Expressing amazement and indignation when a young West End mother, after being granted a divorce, refused to accept custody of her 18-month-old baby girl, Judge Robert Gardiner Wilson, Jr., in Suffolk court here, after denouncing the mother, gave the baby to its father, saying he would investigate the case further. The wife, Mrs. Dorothea C. Jones Mascari, had brought suit against Salvatore Mascari, a bartender, on grounds of cruelty. She testified her husband had an "insanely jealous" disposition. After Judge Wilson had granted her decree, she said she was not seeking custody of her baby.

"What is this?" Judge Wilson asked. "Is this some sort of trade between yourself and your husband for a divorce? I am amazed. Where is the natural affection of a mother for a child? This certainly has never happened in my court before."

The young wife said she had yielded custody of the baby because she believed her husband could give the child better care. She had testified he had beaten her, thrown a clock at her and punched her teeth out through her cheek.

An expert mathematician must be the fellow who can make his personal budget balance.

★★

A WORD TO OUR CITIZENS

A City is a Community of People, all living within an incorporated area with established boundary lines. The purpose of a City or a Community of people thus living together within a given area is that they, in common, may enjoy the benefits that would be impossible to obtain by an individual citizen. Thus the City is for All the people, and Each citizen has certain obligations and duties to perform in the maintaining of the City and contributing to its advancement.

Therefore --

YOUR CITY IS JUDGED

Not by sections of the city, but as a whole. Each house in Waynesville, whether business or residential, public or semi-public, has direct bearing on the city as a whole. A building that needs repair, detracts from the value of other buildings that are in good repair and in good appearance.

Next Week Is

CLEAN - UP WEEK

And the city officials are confident that all citizens of the city will work hand-in-hand to make it a Great Success. Every penny spent in cleaning up and painting up our city will be returned ten-fold. Therefore, we, your City Officials, urge upon everyone the importance of doing his or her part during the coming week.
