Lives Of Mother And Baby Born In Road Saved By Dog

DURANT, Okla.—A collie dog saved the life of a 35-year-old woman and the baby to which she gave birth, unattended, in a cold rain on a country road.
Capt. Leon J. Thomas, of the Salvation Army, said that Mrs. Ed C. Northup inexplicably left her husband and small daughter in their home near Hugo, Okla., recently. She wandered down a narrow country road in a cold, beating rain.
On the way, she gave birth to a son. She had lain by the road, in the rain, all night, when the collie led Lonzo Caldwell, a farmer, to her.
Residents reported that the dog—they did not know to whom it belonged—barked at several houses during the night, and whined and scratched at their doors. They chased him away. Finally he attracted Mr. Caldwell's attention and led him to the mother and her baby.
Physicians said the child weighed nine pounds and was healthy. Mrs. Northup suffered shock, but was recovering in a hospital here.

ing the past week were: Master H. C. Turner, Jr., Mrs. Arthur Wilson and baby, Mrs. Weaver Green, Baby Joyce Smathers, Mrs. Freeman Trull, Master Kenneth Rhinehart, Master Arlis Queen, Mrs. Shuford Beasley, R. G. A. THE OLD HOME TOWN

Army Selectee's Error In Age Costs Him \$9,748

DALLAS.—Buck Private Louis A. Neveleff, a former \$10,000-a-year executive, wishes he had looked up his age before registering for the draft.
Private Neveleff was a buyer for a Dallas department store until a month ago. Then the army packed him off to Camp Bowie and gave him a rifle.
Then Private Neveleff discovered that he was born April 10, 1904, instead of 1905. The year will cost Neveleff \$9,748, the difference between \$10,000 a year and \$21 a month.
Rumors, get around again that Germany's running short of oil for lubricating all those tanks. Not likely. They can always use axis lubrication.

WNC People Need To Know More About Section

"The people of Western North Carolina should make every effort to learn more about the section in order to inform the thousands who come into this area every year," John Lineberger, president of the Asheville Junior Chamber of Commerce told the Rotary Club here Friday.

Commenting on the possibilities of a growing tourist business in the small towns he pointed out that those who stay for any length of time prefer the small towns to Asheville. This fact was determined by information received from over 28,000 visitors at the information booth in Asheville last season, the speaker said.

"From information gathered at this booth, we found that sixty per cent of our visitors were from Ohio, New York, Illinois, Pennsylvania and Florida. As far as I know, there has not been any determined effort, or advertising campaign carried on in the midwest to attract these people.

"We also found that 53 per cent of the registering visitors were here for their first time because some friend had suggested a trip to this area. This means that we must be cordial to all who come if we expect them to go back and tell others about us."
Mr. Lineberger pointed out that

Price Is Named Head State REA

Governor Broughton announced that Gwynn B. Price of West Jefferson, who has long been associated with cooperative movements, would be the new chairman of the North Carolina Rural Electrification authority.

At the same time the chief executive released the reappointments of Ed F. Allen of Lenoir, Dr. Jane S. McKimmon of Raleigh and W. M. Sherard of Henderson to the REA board. They and Price will serve four-year terms beginning June 5.

The other two members—D. E. Purcell of Rockingham county and Professor S. H. Hobbs, Jr., of Chapel Hill—will serve until the expiration of their terms June 5, 1943. They, with the others, resigned some time ago but their resignations were not acted upon and they were requested to complete their terms.

Price succeeds Professor David S. Weaver of N. C. State college, who has been serving as acting chairman but who had requested that he be relieved of his duties.

Governor Broughton said Price had been endorsed by the majority of all rural electrification projects in the state.
