people of Yadkin county pretty strong believers in Roosevelt and his foreign policy and much less temperate in their views. The Yadkin Ripper in the county seat of Yadkinville, tells of an incident in connection with the temperance address of Schallert, of Winston-Center Methodist church,

the scheduled speaker arrived at the scene early and was the superintendent of the school to address the men's group. During his talk he spoke of Adolf Hitler, saying that he was a man of good morals. Incidentally the speaker said he was in Germany and visited the Danzig area. The speaker said he was in Germany and visited the Danzig area. The speaker said he was in Germany and visited the Danzig area.

remarks attributed by the paper to the speaker at the present war would be a good thing if the United States could stand off but now it will last for six or seven years and his listeners to write congressmen and senators

### "C.I.O." FOR FARMERS

I have decided to form a partnership with John L. Lewis and Philip Murray, the big labor leaders. We will call our company the L.P.M. The "M" stands for McGee.

I shall undertake to organize the farmers on a C.I.O. basis. The first thing I intend to do is call a strike. Half of the farmers will be required to sit down during the crop growing season while the other half will be required to lie down during the crop harvesting season. Every member of the organization will have to pay \$50 dues before he will be permitted to join us and sit down. Nothing will be sold to the army or anybody connected with the government. We will consider, however, dealing with the public and Uncle Sam if he will sign up to trade with us on a fair basis, paying for corn \$4 a bushel; for cotton, 40 cents a pound; oats, tame, \$2 a bushel; oats, wild, \$10 a night.—Gee McGee, Leader, Anderson County, S. C., in The Progressive Farmer.

### Applications May Now Be Filed For 1942 FSA Loans

Qualified farmers in Haywood county who at present do not own farms and who desire to apply for a loan to purchase a family size farm under provisions of the U. S. Department of Agriculture tenant purchase program should file their applications now with the Farm Security Administration, Mr. Bailey, FSA supervisor, said today.

Seeking to give as many eligible farm families as possible an opportunity to own a farm of their own, the Department of Agriculture is accepting applications for loans which may be made anytime between now and June 30, 1942.

Applications should be filed at once for loans to be made during the fiscal year, so that the approved families will have sufficient time to select farms and make plans for the 1942 crop, the supervisor said.

farm families who filed applications after July 1, 1940, for loans this year, but which were not approved because of lack of funds, will not have to file new applications. Mr. Bailey said that the county tenant purchase committee, composed of Thurman C. Davis, Charles R. Liner and C. S. Rollins, will review these applications again and notify the families if additional information is needed.

Qualified applicants are recommended for loans by a committee of three local farmers in each county where the program is in operation. These committees certify to the secretary of agriculture the applicants whom they consider most deserving and best qualified to make a success of a family-type farm. The loans carry three per cent interest and may be repaid over a period of forty years, although the borrower may, of course, pay off the entire loan more rapidly if he wishes.

Application blanks and full details on the operation of the Bankhead-Jones tenant purchase act are available at the county office of the Farm Security Administration, which is located at county court house, Waynesville.
