Hendricks Wins Golf Tournament In Pearl Harbor

It hasn't been so long ago that Gordon Hendricks learned to swing through with a gold club on the Waynesville course.

Not long after he got to running low scores on the local 18-hole course, he decided to see more of the world, and joined the navy. In due time he was stationed in Pearl Harbor, and for recreation was shooting golf balls over the course on the mid-Pacific island.

Hendricks has improved in his golfing, and as a member of the Ellett, one of Uncle Sam's large ships, he has acquired the nickname "Mike."

The other day he went into a golf tournament, and when it was over he had a 12-inch trophy and acclaimed runner-up in the finals, by shooting a 76 against the winner's 73.
