

These Men Are Investing Their Lives To

SAVE AMERICA

What Are YOU Investing ?

SIGN A PLEDGE TO **BUY WAR BONDS and STAMPS**

Our men are fighting on the battle fronts of the world. Many will die—that you and I might enjoy the blessing of a FREE COUNTRY. They need GUNS—TANKS—PLANES and AMMUNITION to carry on the fight. All these cost money. Our government asks us to invest our dimes, quarters, dollars in this all-out war on the enemy.

Everyone with a regular income is asked to pledge to buy Stamps and Bonds in some amount. If you are already buying on a regular plan or not you will still be asked to sign a pledge.

This Is Not A Sales Campaign

This is not a campaign to sell, but to get pledges in order that the Government may be enabled to gauge and estimate the amount of money to be received from the sale of Stamps and Bonds.

Buy A Share of Freedom Today

When the local worker calls on you for your pledge—Be ready—greet him cheerfully and pledge something; regardless of how small.
