How Much is Enough?

"How much is 'enough' life insurance?" Because family needs differ, that question can best be answered with the advice and cooperation of a trained life underwriter.

THE FAMILY DEFENSE SPECIAL

MORE PROTECTION - LESS MONEY

TODAY, life insurance is purchased primarily to replace lost income. What monthly income will your present life insurance give your family? Figure it out—then ask yourself: Will my life insurance insure the "life" of my family?

If your answer is "no," let our representative explain a policy designed to meet the present-day need for more income at less cost—THE FAMILY DEFENSE SPECIAL

Under this plan a \$10,000 policy will provide an income of \$96.10 per month for ten years guaranteed. . . . And the investment is only 80c per month per \$1,000 (age 35) for the first five years, and the regular Ordinary Life rate thereafter. (Issued only to Preferred Risks—minimum \$2,500.)

Investigate the FAMILY DEFENSE SPECIAL—you can have enough protection. Give your family more income at less cost.
