

Over 100 Men and Boys Have Taken Defense Courses

The thirteenth course under the training given under the supervision of the agricultural department of the Waynesville district high school has just been completed.

Since the initial course just closed took as many as 100 boys and men have been given training in automobile mechanics and electricity, according to J. C. Brown, supervisor.

The course just closed took as project the building of a tractor. The machine was constructed on a junked truck and was built on the ground up. It was necessary to buy new parts for the tractor, but all the rest of the tractor was put together by making the parts and by using discarded parts.

When the tractor was completed was taken over by the Future Farmers of America chapter of the high school and is to be used plowing in the community.

Last spring it was almost impossible to get teams for plowing, the teacher, Mr. Brown and boys felt that they could render a real service by making the tractor available to those needing services. Teams for plowing probably are more difficult to get next spring than this year, the boys feel that they will be able to contribute to the war effort by offering the service of tractor.

NOTICE OF SUMMONS

STATE OF NORTH CAROLINA, COUNTY OF HAYWOOD. IN THE SUPERIOR COURT. LILLIE CLARK VS. LMA JEANETTE CLARK.

The defendant above named will give notice that an action entitled above has been commenced in Superior Court of Haywood County, N. C., by the plaintiff against the defendant for an absolute divorce on statutory grounds, and the defendant will take further notice that she is required to appear before the Clerk of the Superior Court of Haywood County in Waynesville, N. Letters To The Editor

MARINE LIKES PAPER

Editor The Mountaineer:— I am one of many of the enthusiastic readers of The Waynesville Mountaineer, especially since I have joined the marine corps. I enlisted Oct. 15, 1941. Since that time I have always looked forward to getting my copy of The Mountaineer. I haven't had a chance to return home since my enlistment, and as you know there have certainly been a lot of things to happen since that time; especially a lot of young fellows from Waynesville and vicinity have left as I did, and The Mountaineer keeps a fellow posted on their branch of the service, their progress and their whereabouts. Believe me, a fellow afar from the good "ol U. S. A." really enjoys reading of his friends back home and also the ones who have gone to protect the same. My Dad, Mr. Homer Moore, of Hazelwood, never fails to see that I get my copy of The Mountaineer.

Well sir, I just wanted to express my appreciation of your paper and to say that I am glad to have the chance to belong to such a swell outfit, which is fighting for such principles and if necessary give my life to uphold those same principles, but I am just waiting for a crack at a Jap willing to give his life for the son "Sinking Sun". Sincerely yours, Pfc CHARLES MOORE, U. S. M. C. Guantanamo Bay, Cuba.

SCOTT'S SCRAP BOOK By R. J. SCOTT

just as foolishly as you want, but right now the government needs it to buy necessary equipment for that boy who is fighting for your right to spend it foolishly later. You get paid for waiting to spend it, too. Take a moment and think of what would happen if we should lose the war. Would you like to try to stop a tank with your bare hands?

Do you want to know what the boy in uniform is thinking of you? He is wondering if you needed a lot of unnecessary things you buy. He is wondering if you had to have that trip to see Aunt Minnie. He traveled two nights and a day to get home on a ten day furlough and part of that time he had to stand because you occupied a seat with the air of a setting hen. Why did you buy that radio the other week? Did you really need that new suit? How about that dress?

That boy on the corner is thinking, and about you. Are you worth fighting for—and dying for? Are you a smug, selfish hypocrite? Nobody is asking you to give, its just a loan.

Come on, mister, be fair, that's all we ask.

We'll do our part, will you do yours?

One of Wisconsin's prize bulls has contributed to the scrap rubber drive. Correct King Controller, on the farm of E. J. Gengler, near Milwaukee, has given up the old rubber tire he used to hunt around his pen for relaxation. Now he works out on a block of wood.

for the kind of America you want. He is putting up his life. What are you putting up? Have you laid in a supply of silk stockings? Did you fib just a little bit about the sugar you had on hand or the amount of canning you did last year? Are you using your car just as much as you can on the chance that your tires may be requisitioned? Can you face him? If you were going to fight you would want the best equipment possible. Don't you think he should

have the same? Are those taxes really too high? How much did you really sacrifice in giving to the USO? Could you take an oath in front of 12 boys in uniform that you are doing as much as you can?

How you spend your money is usually your own business—but not now. Right now we have a war to win and that takes money, the same money that the government is asking you to postpone spending. You can spend the money later

WHAT DOES THE BOY IN UNIFORM THINK OF YOU?

Editor The Mountaineer:— You see him aimlessly walking up and down the street and you think smugly of how you gave to the USO, a pint of blood to the Red Cross, that you are doing without sugar, gas, and tires, that you are patriotic and contributing your share to the war effort. You take your change in defense stamps, buy a bond occasionally, or maybe you are really patriotic and belong to the 10 per cent club and have a B gasoline sticker. But can you honestly face a boy in uniform?

The boy you meet is fighting for the kind of America you want.
