

The Mission Had Been Accomplished

"A running fight between the bomber and the 18 Japanese pursuit planes continued for 75 miles . . . continued until the remaining pursuit ships exhausted their ammunition and turned back. With two engines gone and the plane practically out of control, the American bomber returned to its base after dark and made an emergency landing. **THE MISSION HAD BEEN ACCOMPLISHED.**"

—President Roosevelt, in his Fireside Chat, April 28, 1942

THERE, in the words of President Roosevelt, is one of the war's most stirring episodes—a demonstration of how, with one man killed, another man's hand shot off, and a third man injured, our American boys stuck to the fight, bombed their objective, and brought their plane home.

Undoubtedly you felt a thrill when you heard it over the air, and maybe you'll have another thrill reading it again.

BUT YOUR THRILLS WON'T WIN THE WAR!

It takes planes — thousands of them — and tanks—thousands of them—and shells—millions of them—and bullets—billions of them! It needs

ships and guns and jeeps . . .

It takes **MONEY.**

It takes the money of **ALL** of us—the girls at their typewriters, the men at their machines—the clerks, the farmers, the messengers, the bookkeepers and the salesmen.

It needs a surging, patriotic Nation of people who love their country enough to buy a share of America by investing 10% of their wages every payday— a dime from every dollar—in War Bonds.

It needs—and it's getting it!—the cooperation of Labor and Management to put the Payroll

Savings Plan over the top.

YOUR money in War Bonds—10% of salary every payday—not only will help pay the bill to create the most powerful **BLASTING** ever put together—but you'll do yourself and your family a favor, too.

Because every time your savings amount to \$18.75, you'll get a War Bond—worth \$25 years.

You don't **GIVE** your money—you **INVEST** it, both for Victory, and for your own peace and security.

That's **YOUR** mission—will **YOU** accomplish it?
