W.N.C. Men Will Replace Crew Of U.S.S. Asheville

Men from all over Western North Carolina will be honored on Labor Day, when a mass enlistment ceremony will be held in the Asheville city auditorium to replace the crew of the U. S. S. Asheville.

These men are volunteers from every community in Western North Carolina. They will be sworn in by Lt. Charles B. Neely, officer in charge of navy recruiting for North Carolina, and will be sent immediately to their training station to become the future guardians of the seas.

Over 160 men are needed in this mass enlistment. Recruiters from the Asheville office will be in the territory for the purpose of explaining this program to interested men between the ages of 17 and 50.

All men in this district are urged to come at once to the navy recruiting office in the basement of the Asheville post office building and find out the interesting facts about service with the navy. The station is open every day including Sunday, and men are urged to contact the recruiting officers at once. Base pay for apprentice seamen starts at \$50 per month, plus all food, clothing, and medical attention. Advancement is rapid and the navy offers over 55 trade schools. These schools are open

to all navy men. Men who are interested in the navy should write the Asheville station for a copy of the new booklet, "Men Make the Navy."

DID YOU KNOW THAT— The cornerstone of the U. S. capitol building was laid September 18, 1793.

Until 1832 a little known but interesting spot in the sub-basement of the Capitol was intended as a tomb for the remains of George and Martha Washington.

Kidneys Must Work Well - For You To Feel Well. 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer sagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores. DOAN'S PILLS
