## **Being Gathered To Defeat the Axis**

To date a total of 356,646 pounds, or 178.3 tons, of scrap has been collected in the Great Smoky Mountains National Park. Of this amount of scrap, 122 tons was gathered in the North Carolina section of the park and the remainder in Tennessee. The greatest amount gathered in North Carolina was in the Oconaluftee and Straight Fork sections,

Old sawmills which had devastated a part of the area in the days before the establishment of the park and which were situated so far back in the woods that the owners deemed it more advisable to abandon them there rather than go to the expense of trying to get them out; abandoned boilers, rail-Mr. and Mrs. Ben Killian, of road rails; and worn out equip-Clyde, announce the birth of a son ment which had been used by the Bureau of Public Roads, Park Service, and CCC, made up this Mr. and Mrs. J. D. Capps, of scrap. In several cases of worm Candler, announce the birth of a out equipment, the scrap was recovered from barrow pits. In many instances the scrap had to be re-Mr. and Mrs. Frank Hannah, moved a piece at a time, and acetyof Clyde, route 1, announce the lene torches were used to cut it up and make it into pieces which could be removed.

Steel, such as in boilers, pipe etc., comprised 35 tons; railroad rails comprised 15 tons; and cast iron comprised 25 tons.

The scrap was collected by the road maintenance organization, as sisted by the rangers and warden and other park personnel. An still the hunt for scrap continues.
