

### Attorney Tells Rotary Members That All Men Should Leave A Will

Every man owes it to his family to make out a will. Sam M. Robinson, prominent Canton attorney, told the Rotary members here Friday, at a time he discussed war bonds. He suggested as to wills, came a general discussion of the importance of personal property. The club asked the attorney a number of questions and it was to one of these he suggested making out a will.

Robinson made it clear that such as he did not represent a member of the club, he could not be asked to make a will without having it construed by a lawyer. He was soliciting business. He went into detail, pointing out how much time, money and energy is saved when a man leaves a will instead of having his property disposed of according to intestate law.

### Post Office Urges Cooperation For Christmas Rush

The post office department is now starting the most gigantic task in its history—the movement of a deluge of Christmas parcels, cards and letters while maintaining the regular flow of millions of pieces of mail daily to and from our armed forces all over the world, according to Col. J. H. Howell, postmaster.

About 25,000 experienced postal workers already have been taken by the war services. In the Waynesville post office one of the clerks is now in the army and another is scheduled to leave on Sunday morning.

Arrangements are under way to add thousands of temporary personnel to postal staffs all over the country, but this manpower is hard to find and is often inexperienced, the department points out.

The free-mailing privilege granted to members of the armed forces

### S. Armistead Jones Resting Fairly Well After Operation

S. Armistead Jones was operated on at midnight Saturday for acute appendicitis at the Johnson Memorial Hospital in Miami. His condition was reported to be fair yesterday.

Mr. Jones, who is the son of the late Col. and Mrs. S. A. Jones of Waynesville, has been residing in Miami for the past four years. He is a salesman with the AAA in the Miami office.

has raised their mailing sense 30 percent, it is estimated. Expansion of those forces are also adding rapidly to the postal burden.

The post office department is making strenuous efforts to avoid such traffic jam as it faced in 1918 under similar conditions during the first World War. It is urging the cooperation of the public in mailing packages and other Christmas mail early.

### Beaverdam News

The Beaverdam Home Demonstration Club met with Mrs. Frank Ensley November 3rd for the combined November and December meetings.

Each member contributed a dish of what she had on hand and wanted to bring. This made up the nice lunch. Miss Smith brought a prepared dish of edible soy beans which were especially enjoyed by all.

An interesting program was given. The club voted to support the movement on foot for a county-wide library.

During the demonstration the home agent gave a good number of Thanksgiving and Christmas suggestions on decorations and gifts that could be made from what we have mostly reminding one of the old-time Christmas. The roasted soy beans that were passed won approval easily.

The club will meet again in January, 1943.

A revival is being held at the

### Haywood Issues 38 Beer Licenses

The State department of revenue issued retail beer licenses to 31 establishments in Haywood county during the first half of the 1942-43 tax year.

Figures compiled as of October 31 disclosed that 4,318 retail beer outlets have been licensed by the state in 98 counties. Sale of beer is not permitted in Yancey and Mitchell counties.

Retail beer outlets pay license taxes of \$22 to the federal government, \$5 to the state, \$25 to the counties, and \$10 or \$15 to the municipalities. In addition, the state collects a consumption tax which averages one and one-fourth cents for each 12-ounce bottle.
