not to grant wage increases unless necessary to bring present wage rates up to 15 per cent above wage rate levels as they existed on January 1, 1941. The War Labor Board has adopted a formula based upon their statistics which indicate that the cost of living has increased about 15 percent in the past two years, and the purpose of increases, where granted is to maintain the same standard of living for workers as it existed before January 1, 1941. Where increases since January 1, 1941, in wages paid are equal to, or more than, 15 percent, the request for increases is ordinarily denied, and where wage increases have been less than 15 percent, the difference between the percentage of increase granted and 15 percent will usually be allowed. This is, of course, in accordance with the wage stabilization policy put into effect last October, which when cooperating with the ceiling prices on commodities, is expected to prevent undue inflation, it was shown.

## 3 Soldiers Bound To Court Charged With Car Theft

(Continued from page one)

Ralph Jenkins, formerly of Cove Creek, currently of Camp Gordon; Earl Scates, of Hazelwood, now of Fort Jackson, and Horace Bridges, of Forest City, currently of Camp Gordon.

Private Scates was the only one of the three who plead guilty of charges, the other two denied any part in the theft or assault.

It was brought out in the hearing that the three men hired a taxi around 9:30 on the night of January 12th, from Hill Matney, local taxi operator. Leo Buckner was the driver of the car, and the men asked him to take them to Jonathan Creek. Near the Rock Hill school building, they told the driver to stop as they wished to examine a mail box on the roadside.

When the taxi stopped it was alleged that one of the men in the back seat hit Leo Buckner over the head with an iron pipe. He was knocked unconscious. One of the men is alleged to have attempted to steal Buckner's pocketbook, but that he came to and kicked them away.

After receiving aid and being taken to the Haywood County Hospital for treatment, Mr. Buckner notified the officers, stating that he knew two of the men.

The car was traced to Crosby, Tenn., and the officers of two states continued a search for the men for several days before they were arrested in Shelby by the Cleveland county sheriff's department. The Haywood officers were notified last Wednesday and Deputies Wade McDaniels and John Kerley went to Shelby and brought the three men back here early Thursday morning. They were lodged in jail pending the hearing on Monday before the federal authorities.

### OMISSION

The name of the W. H. Burgin Market was inadvertently left off the list of those given ratings by the Health Department in last week's issue. Mr. Burgin's market had a grade of 90.5 which put him in the "A" class.

We regret this omission.
