A cash deposit of 10% of successful bid will be required as a guarantee of good faith.
This the 22nd day of January, 1943.
T. L. GREEN, Commissioner.
No. 1274—Jan. 28-Feb. 4.

New Government Regulation Changes Bottling and Delivery of Milk -- Effective February 1st

In compliance with the recent order of Food Administrator Claude R. Wickard, the undersigned dairies have received orders to be carried out as of February first as follows:

BOTTLED IN QUARTS
1 "Eliminate all package sizes for milk below one quart except where milk is to be resold for consumption on premises."
That means there will be no pints or half pints on sale at stores or for delivery to homes. Public eating places that sell milk to be consumed in their places of business will still receive the usual half pint bottles.

EXTRA ORDERS
2 "Load milk only on advance orders or standing orders. Consumers must give orders for extra milk a day in advance."
Under the new regulations, we cannot take out on our trucks any more than we have orders for. Wholesale dealers must also give orders for extra milk, which is over and above their standing orders, a day in advance.

These regulations are being put into force as part of the nation-wide conservation campaign to save gasoline, tires, man-hours and supplies. In no way will the quality of our high standard products be affected.

NO MORE RETURNS
3 "Eliminate milk returns from stores, hotels, restaurants or other establishments."
Order prohibits us from picking up any unsold products as has been our practice in the past. When an order is left now, it is up to the owner to dispose of it, according to this regulation.

BOTTLE DEPOSITS
4 "Charge minimum rates of deposits on all glass bottles and milk cases."
Effective February first, we will be forced by this rule, to charge 5 cents deposit on every bottle, whether left at the store or at a home. Credit will be given for every bottle returned. This will be entered on your monthly statement as a debit or credit, as the case may be. A charge of \$1.50 per case will be made where milk cases are left.
