

Official And Timely Information On Rationed Items

—as compiled from records and data on file in the office of the Waynesville Rationing Board, by the community service chairman.

Commodity	Coupon Good For	Expires
Shoes, Stamp 17, Book 1, 1 pair		June 15
Gasoline "A" Coupon No. 4	3 Gals. Each	Mar. 21
First Tire Inspection, Auto "B"		Mar. 31
Sugar Stamp No. 12	5 Pounds	May 30
Coffee Stamp No. 25	1 Pound	Mar. 21

OPA don't care what you do with your gasoline bought on an "A" card—go anywhere, but don't go over 35 miles per hour, and make sure your eight coupons at a gallon and a half each will be sufficient to last until July 21st. The ban on pleasure driving was lifted on "A" cards as the time the coupons must cover was doubled. Holders of "B" and "C" coupons cannot use them for pleasure driving.

All applications for supplemental gasoline for farm use must go to the farm transportation committee.

Men in service coming home on furloughs and wanting gasoline should get the supplements from their commanding officer and not wait until getting here. The local rationing boards take care of emergency cases, and not routine cases of men in service.

Those wanting to get extra gasoline for a business trip might as well save their time, and also the time of the rationing office. As long as trains and busses operate, it is the same answer—"with other means of transportation available, it is against the regulations of OPA to issue extra gasoline for such trips."

One applicant stated he wanted to get a bicycle to ride 5 miles to an important job, and store his car. He got the bike, and was termed an ambitious and patriotic man.

When meat becomes rationed Sunday, March 28, citizens will be allowed 16 pounds a week, from the red coupons of War Book No. 2. Housewives will not have to declare their stock of meats, butter, cheese, etc., on hand, before the rationing starts. There are 150 meat items on official table of consumer point value.

Rationing books are valuable. On and after March 29, the OPA rules will be nation-wide in re-

gards to replacing a book. If the board finds that negligence contributed to the book's disappearance, the issuance of a new book can be withheld for sixty days. Evidence must be presented to the board when a book is lost or stolen.

Rationing books owned by men who are called into service must be surrendered to the rationing board at once. Failure to do so is a violation of OPA regulations.

No points are necessary to buy peas or beans when they are to be used for planting.

OPA has placed a ceiling and the maximum margin of profit on cabbage, snap beans and green peas, effective March 18th.

The allowed margins are as follows:

Wholesale	Margin of Profit	Ceiling
Snap beans	.65	\$6.75 per hpr
Green peas	.50	4.40 per bu
Cabbage	.75	6.55 100 lbs.

Retail	Margin	Ceiling
Snap beans	.06	.30 per lb.
Green peas	.04	.17 per lb.
Cabbage	.02	.09 per lb.

Holdes of gasoline "A" coupons must have their tires given an official inspection before March 31. Subsequent inspections for A holders must be made every six months. Holders of B cards must have an inspection every four months and C cards every three months.

Butter, cheese and all edible fats were frozen Sunday until the meat rationing goes into effect March 29th.

Local markets reported heavy meat sales all during the week, as many housewives planned to give their families one last meat feast before the rationing period started.

Father: We want you to stop running around with that wild woman.
Son: She isn't wild, dad. Anybody can get her.

Kate: You deceived me before our marriage. You told me that you were well off.
John: I was but I didn't know it.

RACC Loans Are Aiding Farmers In Food Production

Loans to farmers in Haywood county who plan to do their part producing food, feed, fibre and oil for America and her allies are being made by the Regional Agricultural Credit Corporation, according to Glenn A. Boyd, chairman of the Haywood County USDA War Board.

These applications are being approved by the chairman and J. Yates Bailey, RACC loan representative of the county, Mr. Boyd declared.

"The purpose of these loans," Mr. Boyd explained, "is to provide financing to assure top wartime production of essential commodities, but is not a substitute for other sources of credit."

"We have a big food production job to do this year," he continued. "Many of our farmers already have available credit through their production credit associations, national farm loan associations, emergency crop and feed loan offices, Farm Security Administration and local banks. But there are some who need to supplement their source and still others who

JEFFERSON STANDARD 1942 PERFORMANCE

HIGHLIGHTS FROM PRESIDENT PRICE'S 1942 REPORT—AND WHAT THEY MEAN TO OUR POLICYHOLDERS

INTEREST EARNING MAINTAINED—The Company earned 5% on invested assets during the past year. Jefferson Standard has consistently maintained leadership in this field.

INTEREST PAYMENT RATE MAINTAINED—Paid 5% interest in 1942 on policy proceeds held in trust for policyholders and beneficiaries. This rate has been paid continuously since the Company's organization in 1907—another reason why Jefferson Standard POLICY DOLLARS ARE LARGER!

SURPLUS FUNDS INCREASED—Surplus, capital and contingency reserves total \$10,000,000—a new high mark in additional funds for policyholders' protection.

ASSETS AGAIN INCREASED—Assets increased \$10,251,131 during 1942 and now total \$115,016,016. These assets, highest in the Company's 35-year history, represent a healthy condition and growing strength.

SALES HIGH—Sales of new life insurance during 1942 totaled \$46,000,000—30% of this on those already insured in the Company.

INSURANCE IN FORCE—\$470,000,000 Jefferson Standard life insurance now owned by 190,000 policyholders—a \$20,000,000 increase.

BENEFITS PAID—Policy benefits paid by Jefferson Standard in 1942 amounted to \$6,170,804. Since organization in 1907, the Company has paid \$131,465,865 to policyholders and beneficiaries.

Jefferson Standard Dollars ARE FIGHTING IN THE WAR

Every time you pay your premium you are not only buying the security and protection of life insurance for yourself and your family, but you are also contributing to the war effort, and the stability of our national economy. Your life insurance dollars, invested in War Bonds and Industry, help to finance war production. They also help to fight inflation because they are not competing for scarce consumer goods.

As a contribution to the war effort, life insurance underwriters sold War Bonds in 1942 totaling over 2 1/2 billion dollars.

Jefferson Standard Agents are Equipped to Give You Service Geared to Wartime Needs

Under current wartime conditions a sound life insurance program is even more important than before. Jefferson Standard agents are trained life underwriters—each well equipped to give you wise counsel and timely information that will be helpful in planning your life insurance program. Consult our local agent the next time you are in the market for Life Insurance.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
