Filet of Sole au Gratin New Recipe in the Menu

By BETSY NEWMAN
ARE YOU one of those cooks who cooks the same things in the same way time after time, and never changes? There may be a reason for that. Some families just don't like changes. They prefer their foods cooked in the way they are used to. If the family is not "set in its ways", however, try out different recipes. I'm giving you a different recipe for cooking fish—filet of sole in this case.

Today's Menu
Filet of Sole au Gratin
French Fried Potatoes
Cabbage Salad Green Beans
Orange Spanish Cream
Hot Drink
Filet of Sole

5 tbsps. margarine
3 tbsps. flour
1 1/2 c. top milk
1/2 c. Old English cheese
1/4 tsp. salt
1/2 c. chopped dill pickles

Dash of pepper
1 1/2 tbsps.
Worcestershire sauce
1 lge. pimiento, chopped
1 1/2 lbs. filet of sole

Melt 3 tablespoons margarine in saucepan and stir in flour; add milk and cheese and cook until thickened, and smooth, stirring constantly. Add salt, pepper,

Worcestershire sauce, pickles and pimiento. Place fish in buttered, shallow baking dish, dot with remaining margarine and salt lightly. Bake in hot oven (425 degrees F.) 8 to 10 minutes. Pour sauce over fish and place under hot broiler until sauce is browned and bubbling. Serves 6 to 8.

Orange Spanish Cream
1 1/2 c. milk
2 tbsps. sugar
2 tbsps. plain, unflavored gelatin
2 eggs
Few grains salt
1/2 c. orange juice

1 tsp. grated orange rind
1 tsp. grated lemon rind
2 tbsps. lemon juice

Measure milk into top of double boiler, add sugar and sprinkle gelatin over surface. Heat over boiling water until scalded. Stir until gelatin is dissolved, then pour slowly onto beaten egg yolks. Return to double boiler and cook with salt until thick, then add rinds and fruit juices slowly. Cool until mixture starts to thicken, then whip light and blend in stiffly beaten egg whites. Turn into mold or molds which have been rinsed in cold water and chill until firm. Serve garnished with slices of orange topped with cubes of currant jelly or preserved strawberries.

Coffee Coupons Expire Sunday; New Recipe . . .

Waynesville Woman Finds Way To Save Fifty Percent In Coffee; National Magazine Likes Idea.

For your information, April 25 is the last day that Stamp No. 26 in Ration Book One will be good for a pound of coffee.

And again, for your information, don't wait until the 25th to get your coffee—that's Sunday.

And for more information, a Waynesville woman — Mrs. Paul

Hyatt, at the Piedmont Hotel, has just received a check from The American Magazine for telling how to conserve coffee. The plan was in the May issue.

Mrs. Hyatt says to take half of the usual amount of coffee that you use to make enough for a meal, and put it in a small cloth bag, similar to a tea bag. Boil this in the coffee pot, and the flavor will be as good as when twice the amount of coffee used in the ordinary way. She suggested that coffee roasters start packing coffee in the small bags, in two and four teaspoon sizes, and then into a pound package.

Mrs. Hyatt might have an idea that will start new ways of coffee-making in America.
