### START USING RATION BOOK III

The first brown "point stamp" War Ration Book III will be valid September 12. This stamp is good for 16 points through October 2. Brown stamps will become valid on successive Saturdays and will always expire on the Saturday nearest the end of a month. They will be used for rationing meats, fats, oils, canned goods, canned milk, and all other commodities now rationed under stamps in War Ration Book II. The small stamps bearing pictures of field guns, tanks, ships, airplanes are not yet in use. Persons who have not received Book III may obtain one by applying to local ration board.

### FARM ITEMS UNDER PRICE CONTROL

Field hay loaders, side delivery mowers, and manure spreaders were placed under specific price control by OPA. This ruling applies when these items are sold by persons, such as farmers or mechanics. Maximum prices will be determined on the following basis: 85 percent of the price of the machine when new, if the

equipment is less than one year old, and 70 percent of the price of the item when new if the equipment is one year old or more.

**OVERSEAS CHRISTMAS MAIL.** More than 10 million individual Christmas parcels for overseas soldiers are expected in the mailing period, September 15 to October 15. The Army Postal Service will need the full cooperation of the mailing public if packages are to reach soldiers in time.

### FATHER ENLISTS AFTER SONS DIE

A 54 year old Wisconsin farmer whose two Marine sons gave their lives in the war against Japan, is now a Marine private doing guard duty somewhere with his companion sentry, a powerful Doberman-Pinscher dog. Private Frank W. Winterling said it was only natural for him to enlist in the branch of the service in which his sons died in order that his daughters, Jane and Kate, might continue to enjoy "the advantages that were guaranteed to me under our system of government."

### RATION POINT CHANGES

Reflecting an improvement in civilian meat supplies, the ration cost of most lamb and bacon cuts, sirloin steak and rib roasts has been reduced from one to two points for September. In addition, several variety meats also have lower point values. Creamery butter increased two points to 12 points per pound. Country butter, however, has been assigned a value of six points per pound. The purchasing power of meats-fats stamps in September will be a little larger than in August because the decrease in meat point values more than cancels the higher ration cost of creamery butter.

Farmers whose crops and livestock are troubled by prowling animals can get extra supplies of shotgun and rifle ammunition this fall if they apply to their dealers before October 1, the War Production Board has ruled. Supplementing the regular quota each will be allowed an additional 50 rounds of .22 caliber rim fire cartridges, 20 rounds of center fire rifle ammunition and 25 rounds of shotgun shells of any gauge. Likewise, WPB knows that deer, rabbits and squirrels shot to protect farms will add to food stocks this winter.

After present supplies are exhausted paper towels will be thinner, facial tissues will be smaller in size, paper napkins will be both thinner and smaller, and wedding invitations will have only one envelope, in place of the customary

## In Alabama

LT. HATTIE J. FRAZIER, daughter of Mr. and Mrs. Wade H. Frazier, of Waynesville, route one, is now stationed at Camp Sibert, Ala., where she is attached to the U. S. Army Nursing Corps. She is spending a week's leave here with her parents.

Lt. Frazier volunteered and entered the service in February of this year. She was inducted at her present post. At the time she entered the service she was doing general duty at the Blackwelder Hospital in Lenoir. Lt. Frazier is a graduate of the local high school and of the School of Nursing of the Lynchburg General Hospital, of Lynchburg, Va. Before going to Lenoir she was connected with the Emergency Hospital, of Washington, D. C., and the Alexandria Hospital, of Alexandria, Va.

two. War Production Board rules have been made to control the manufacture of these items so that school children will have adequate supplies of writing tablets and note books, and commercial stationery will be available for business offices, in spite of the acute paper shortage. Incidentally, the order will conserve 1,100 carloads of shipping space and considerable quantities of packing materials, as the lighter, thinner articles take up less room.

**MORE LUMBER FROM FARMS** A program to increase sharply the production of forest products from farm-owned woodlands as part of the nation-wide drive to meet wartime military and essential civilian needs for lumber was announced recently. It is estimated that 3 1/2 million farms have wood-

## State College Hints To Farm Homemakers

If you're looking for a good place to use honey, you don't need to go any farther than your breakfast toast or waffles. Hot biscuits, dripping with honey have been a morning delight since way back. Honey can also be used to sweeten fruits, beverages, and cereals. Honey sauce, with nuts or orange juice and orange peel, is good on ice cream. For a sandwich filling, use honey which has been creamed with butter, nuts, grated orange peel, cream cheese, cottage cheese, or peanut butter.

Many cooks sometimes use honey to give their old recipes new life and flavor. When you cook with honey, remember a part of it is water. You can't substitute honey for sugar, measure for measure, without making some other change in the recipe. For one thing, you'll have to use less liquid than the original recipe calls for.

For honey cakes and quick

down from 4 to 2 points a pound, and peas and lentils down from 4 to 1 point a pound.

The point values of 21 processed foods have been changed, with increases coming in the canned fruit category and some decreases in the vegetable category.

The date for filing military applications for War Ration Book Three has been extended through Saturday, September 11.

The final date had originally been set at August 31.

Any member of the armed services who is entitled to use ration stamps for the purchase of rationed foods is entitled to War Ration Book Three. The book will go into use Sunday, September 12, when coupons will be needed for the purchase of meats and fats.

An increase of from one-half cent to one cent pack in the maximum retail prices of so-called "economy" brand cigarettes to meet increased manufacturing costs has been announced by OPA. This increase does not extend to the more expensive, so-called "standard" or "popular" brands.

The "economy" brands—such as Avalons, Beechnuts, Dominos, Marvels, Paul Jones, Sensations, Twenty Grands and Wings—now will have a maximum selling price of 13 cents for an individual pack or 12 1/2 cents a pack in sales of more than one pack for sales of either the regular or longer king size. Applicable state or local taxes may be added to these prices. At retail, these cigarettes usually had sold at 12 cents a package with some sales of king size made at 13 cents a package.

Changes in point values include: Dried prunes, raisins and currants, which were removed from rationing March 29, now go back on the list at 4 points a pound. In the dry food category also, beans are

For gingerbread, brown bread, and steamed puddings, you can use honey in place of molasses. In that case, the home economists say you can substitute them, measure for measure. If you use honey, be sure to omit the soda that you would use with the molasses.

Honey takes up moisture as it stands. That may not be so good with some candies and frostings. But it helps to keep your fruit cakes and steamed puddings moist. Be sure to store honey in a place that is dry and fairly warm. Don't put honey in the ice box. Low temperatures may make the honey crystallize and become cloudy.
