

Mountaineers Hard At Work For Opener

Waynesville Begins 1943 Grid Season On September 17 With Murphy High.

The Waynesville Mountaineers have been going through their paces under the mentorship of Coach C. E. Weatherby, in preparation for the opening of the grid season in Waynesville September 17, when Waynesville meets the rival strong Murphy eleven at 8:00 p. m. under the lights at Township Stadium.

Reports coming from the practice field are that rough work, and scrimmages are well under way, and that the boys are working hard for their positions on the 1943 team.

According to Coach Weatherby, no definite position has been filled by any of the players and that competition is keen for all positions. Some of the players that have been showing up well in practice during the week are: in the backfield we find Evans, veteran of last year in the line has been switched to the fullback position and is doing a swell job so far. Incidentally this is the boy that checked Asheville School's razz-dazzle play last season, when he evaded the whole opponent team to make the tackle single handed. Other backs that are well in line for the starting lineup are: For a substitute back from last season, Scruggs and R. Phillips. Billy Green, Grahl, Rynd and Tomson are pushing these backs for their first string positions.

In the line we find Troutman and Collins doing well at the end positions and are being pushed hard by Allison and Compton. Seates and Medford fill the tackle positions, Caldwell and Knight leading for the guard spots. Harry Jaynes, veteran of last season is expected to play the center position.

Coach Weatherby says this is the lightest team he has ever produced in the many years he has been head mentor at the local high school. When asked if the backs were fast, he said, "It is too early to make any definite statement as to their swiftness." We know from past experience that if it is possible to have a winning team, Coach Weatherby will be up in the front row.

The Waynesville Township High School Band will be on hand for the opening game and the games that will follow on the local field to furnish entertainment and music for the fans. The local band has

SLANTS ON SPORTS

By MARION BRIDGES

The football season is upon us again, and local fans are beginning to express their opinions about the prospect for the local team together with other teams in the state and nation. Some are saying that football this season will be slowed down as much as 50 per cent. That may be true in some instances, but in most instances we would say it is not true.

Look back over the years that Coach C. E. Weatherby has produced teams for the Mountaineers, there have been some years when it looked as if Waynesville would not get anywhere, but at the end of the season the story was exactly opposite.

We grant that the team this year looks small, but we are not the only school in the country that has been hit due to the War conditions. And it is our bet that the team produced by Coach Weatherby will be up to standard.

The Canton Black Bears will open their season a week before the Mountaineers see action. They meet Marion high at Canton Friday (Sept. 10) under the ares.

Reports reaching us from the Industrial city are that the Bears have a relatively strong team this year with several of their first stringers returns from last year.

As we have said before when the Canton Black Bears and the Waynesville Mountaineers meet it will be a football game no matter what the strength of either team is estimated to be. The first game between these two rivals is scheduled for October 15 at Canton, and of course the annual Thanksgiving Day game will be played in the afternoon on the local field.

Waynesville has produced a number of football stars that have gained national recognition, such as Freddie Crawford, All-American tackle, Jack Phillips, and a number of others. The career of another prospective star has been somewhat hampered by world conditions at the present time, but only this past week again broke into the headlines as a prospective guard on one of Duke's two grid teams. We refer to Bill Milner, who made quite a name for himself at the University of South Carolina the past two years.

Bill was captain of the local eleven his last year in high school and during all his performances on the local gridiron, performed like a veteran, and it was our opinion that he would go places in the football realm. It is possible that he may advance to a considerable height in the halls of football fame yet, but he is now in the Navy and is attending the special training school at Duke University, along with a number of other famous football stars. This one thing we do know, if Bill is given a chance he will make good.

been noted for its field performances before the game and at the half-time.

The tentative schedule for the 1943 season is as follows:

- September 17, Friday night 8:30, Murphy high at Waynesville.
- September 24, Friday night 8:30, Marion high at Waynesville.
- October 1st, Open.
- October 9, Saturday night 8:30, Asheville School at Waynesville.
- October 15, Waynesville high at Canton (night game).
- October 22, Hendersonville high school at Waynesville (night).
- October 29, Waynesville at Christ School (afternoon).
- November 5, Waynesville at Murphy (afternoon).
- November 12, Open.
- November 25, Canton high at Waynesville (Thanksgiving afternoon).

Canton To Meet Marion Friday

Black Bears Working Hard To Win From 1942 Conference Champions.

The Canton High Black Bears open their 1943 football season with Marion Friday night at 8 o'clock under the Canton floodlights. The Bears are rushing preparations this week and hope to be able to make a favorable showing.

Marion won the Western Conference championship last year and is expected to bring a strong team to Canton Friday night.

Little is known yet about the strength of the Black Bears. The players are young and small, but are expected to make up for this with speed and determination.

Coach C. C. Poindexter indicated that he was uncertain as to the starting eleven, but the following boys stood a chance of seeing action during the game: B. Cooper, G. O'Dear, B. Trull, J. Powell, T. Whitted, H. Hardin, T. Pressley, H. Pless, J. Bentley, J. Ward, C. Rickman, G. Mease, B. Smathers, G. Stamey, F. Hardin, H. Smathers, E. Fowler, J. Flynn, N. Grogan, A. Cline, J. Miller and B. Mease.

The Canton high school band will be on hand to make music and a large crowd is expected.

Waiting for a Voice from Home

Tankman, flier, doughboy—Pete and John and Bill—are waiting tonight to hear a certain voice on the wires. It's a voice that can put more spring in their stride, give them more determination to do their best until firing ceases. For Pete, John and Bill are waiting to hear—a voice from home.

When you're about to place a long distance call, won't you please remember these fellows who need a few minutes—before tomorrow's hard assignments—to talk to the homefolks? Won't you remember, too, that most of these men have to call in the evening, during that crowded period from 7 to 10? And because burdened lines can't be expanded now to meet all demands, won't you postpone your call until the less-busy hours?

When you avoid making long distance calls, or speak briefly if you talk, you're helping relieve the nation's war-crowded communications system. You're also helping bring "a voice from home" to the boys awaiting it. Pete, John and Bill will be grateful.
