## Free Sheet Music Available At This Newspaper Office

This newspaper has just received for free distribution, a limited number of copies of standard size, sheet music, beautifully illustrated in colors, of The Star Spangled Banner and The Marines' Hymn.

The music was arranged by William F. Santlemann, leader of the United States Marine Band.

Musicians here who have played both numbers report the arrangements are much prettier than the average music available.

This limited supply will be given free to adults only. Just call at this newspaper office and get one. The distribution is being made in an effort to get more patriotic music into American homes.

From where I sit, there isn't much cause to worry about our men in the Army. Looks like they can take care of themselves—and take care of the Nazis and the Japs, too.

Seems our government feels the same way. After hearing rumors about our soldiers drinking too much government people went after the facts. They got the evidence on what our boys drink—and don't drink.

The government found out our Army's the best behaved in history. More'n half of 'em drink beer—nothing stronger. And the government found that selling 32 beer in Army camps is one reason why our Army is so temperate.
