**EVERY FIRE
IS AN
AXIS VICTORY**

TO PROTECT OUR FARMS
 TO PROTECT OUR HOMES
 TO PROTECT OUR WAR PLANTS
 TO PROTECT OUR SCHOOLS
 TO PROTECT OUR SHIPS
 TO PROTECT OUR FORESTS
 TO PROTECT OUR PEOPLE

YOU MUST DO YOUR PART

Fire attacks our drive toward Victory, taking with it annually a loss of more than 10,000 lives and nearly one-half billion dollars in property. The indirect losses affecting employment, buying power, business failures, and interruption of production schedules can result in a definite setback in our progress toward Victory.

Destruction of our farms, war plants, ships and forests are sabotage to an even more glorified purpose of winning this WAR.

Most fires are due to negligence and these losses are preventable by recognizing the cause and remedying it before it is TOO LATE.

Save MANPOWER for WARPOWER! Do your part in preventing unnecessary fires.

FIRE DESTROYS!

DON'T LET IT
SABOTAGE OUR
WAR EFFORT
