

Asheville School Plays Here Saturday

Mountaineers Expect Hardest Game Of Season So Far; Set For 8 O'clock.

The as yet undefeated Waynesville Mountaineers will meet one of the strongest teams in this section Saturday night when the Asheville School Blues journey to Waynesville for the first time in the many years that these two teams have met. The game is scheduled to get underway at 8:00 o'clock.

Coming out of the Franklin game with only a minimum of injuries, the Mountaineers have been working hard in preparation for the game Saturday with their arch rivals. The Waynesville griders and the Blues have been meeting each other for a number of years, but on each occasion they have met on the Blues' field.

According to those that have seen the Asheville eleven in action, they have a large and strong team and will give the locals a stiff battle.

According to Coach Weatherly, the Mountaineers have been working hard on the fundamentals and also in the air, with several anticipated changes in position for several of the players, to strengthen several of the weak spots.

The probable starting lineup will find Collins and Troutman out on the ends; Scates and Medford at the tackle positions; Knight and Caldwell at guards; and Jaynes at center. In the backfield, Teague will probably start at quarter, Fie and Scruggs at the halves, and Captain Evans at fullback.

It is expected that several other Mountaineer players will see action before the game is over.

The officials for the game will be Wall, of Asheville, as referee; Buchanan, as umpire; and Davis as headlinesman.

Franklin Defeated By Mountaineers

A fighting Franklin eleven went down in a 26 to 0 defeat at the hands of the Waynesville Mountaineers last Friday night.

Due to war-time conditions and the lack of equipment, Franklin had not produced a team for the past two years, but despite this being the first game in two years, the visitors never failed to give up and were fighting hard at the last whistle.

The locals scored in the first period and twice in the second and one in the fourth period to tally a total score of 26.

The Mountaineers scored early in the first period, in fact the first play that they had the ball, after Franklin made a bad kick after three tries at the line. Evans, fleet full back of the locals carried the ball 42 yards on a sweeping end run to cross the goal unmolested.

Scruggs drove the line for the extra point.

Starting a drive from their own 29 yard marker, the local griders marched down to the visitors one

Canton-Waynesville Game Set For October 15th

Just a reminder to the fans of this section. The football classic of the county is set for next week, Friday, October 15. The Waynesville Mountaineers will tangle with the Canton Black Bears in a night game at Canton on that date.

yard marker, with Scruggs carrying for the score.

Again late in the second period the Mountaineers began another marching drive from their own 40 with Byrd reaching pay dirt on the 2.

In the closing portion of the game, Evans broke loose and galloped 20 yards for the last score of the game. Byrd converted the extra point through the line.

The lineup:

Pos. Waynesville: Collins, L.E. Medford, L.G. Knight, C. Jaynes, R.G. Moore, R.T. Scates, R.E. Troutman, Q.B. Teague, L.H. Scruggs, R.H. Fie, F.B. Evans.

There's No Substitute For - - Experience and Quality Workmanship

Long ago with the constant lowering in quality of tires and repair materials most shops ceased to guarantee their workmanship. We believe that this policy will tend to cause careless workmanship and shall continue to warrant our workmanship for the duration. We are the only recapping plant in this section to constantly charge below government prices on repair work. We have repaired hundreds of government tires at prices set by them—prices greater than those charged you. Our volume is such that we can continue this policy.

Whatever your tire needs—if it can be fixed we'll fix it.

During the next few weeks the production of camelback will be limited—recapping shops will be unable to operate full time. Don't recap unless your tires need it—but more important don't put it off until the tire has run its last mile. Start in time so that if you must wait for a few days your tire will not ruin.
