

Two Fontana Dam Workers Killed, Another Injured

Trapped by a mass of overhanging rock, six feet thick and fifty wide, which slid and fell upon them as they were pouring concrete, Morgan French, 35, of Big Cove; David Welch, 30, of Birdtown; and Timpson Taylor, 35, Indian workers at Fontana dam, were imprisoned by the debris, French and Welch being crushed to death.

Rescue workers who labored from noon last Saturday, when the accident happened, until nightfall, dug the three men from their imprisonment, to find the first two dead and the third, Timpson Taylor alive, but suffering from a broken leg and from shock.

The bodies of French and Welch were carried to Moody Funeral home, Sylva. Funeral services for the former were held at Big Cove last Monday afternoon, last rites for Welch being conducted Monday morning.

It was thought that Taylor, now a patient in Fontana hospital, will recover, barring complications.

Questions And Answers On Ration Book 4

Q. Where should I go to get my copy of book four?

A. It will be distributed through schoolhouses and similar public buildings between Monday, October 18 and Saturday, October 30. The exact time and place will be announced by your local newspapers and radio.

Q. May one person get copies of war ration book four for the entire family?

A. Yes. One individual may obtain the book for all members of the family who live at the same address.

Q. What should I take with me when I apply for book four?

A. Bring war ration book three. Book three will serve as a speedy and convenient method of establishing identity.

Q. Are there any exceptions to the requirement that book three must be presented to obtain book four?

A. No. All persons who apply for book four must have on hand their copy of book three. If they also apply for other members of the family, they must present the book three issued to these individuals.

Q. I was overseas most of the summer and did not get a copy of book three. How will I be able to get book four?

A. Apply at your local rationing board for a copy of book three. This should be done immediately, as it takes several days to handle an application of this type.

Q. My copy of book three was lost several days ago. How do I go about getting another one?

A. Application for a replacement of book three should be made at your local board.

Q. When will war ration book four be used?

A. It will be used beginning Monday, November 1, for the buying of rationed processed foods and sugar.

Q. Which stamps will be used for this purpose?

A. Your November ration of processed foods will be bought with green stamps of series "A", "B" and "C". These will be good from November 1 through December 20. Stamp number 29, which is marked "sugar", will be good for five pounds of sugar from November 1 through January 15, 1944.

Q. Will I continue to use the blue stamps in war ration book two for processed foods?

A. Yes, through November 20. At that time stamps "X", "Y" and "Z", the final series of blue stamps in war book two, expire. Between November 1 and November 20 the housewife will be able to buy processed foods with "A", "B", and "C" green stamps in book four, and the "X", "Y", and "Z" blue stamps in book two.

Q. What is the difference between the green stamps in book four and the familiar blue stamps in book two?

A. With the exception of color and size—the green stamps are smaller—there is no difference. Each series of green stamps contain stamps with a point value of 8, 5, 2, and 1, the same arrangement as that for the blue stamps. You will buy processed foods with the green stamps just as you did with the blue stamps in book two.

Q. Why are green stamps, instead of the blue, being used in book four for processed foods?

A. Green stamps are being used on an interim basis until ration "tokens" are used, early next year. At that time the blue stamps will again be used.

Sgt. James W. Chambers Stationed In Nebraska

Sgt. James W. Chambers, A. R. O. G., son of Mrs. J. E. Chambers, of Clyde, has been assigned to the Army Air Base, Kearney, Nebr.

Sgt. Chambers has been in the service since Oct. 5, 1942.

You can yodel the answer to four more points being added to butter. O-le-o!

Buy War Bonds and Stamps.

Sam McElroy Is At Courtland, Ala.

Aviation Cadet Sam M. McElroy, son of Mr. and Mrs. Sam McElroy, of Lake Junaluska, has reported to Courtland, Ala., to the Army Air Forces Basic Flying School for the third stage of training as a cadet pilot.

This air base, only until recently

the site of flourishing cotton fields, is alive today with the roar of Uncle Sam's planes flying overhead.

The BT-13 which a cadet learns to handle here is a faster and heavier plane than the one which he flew at Primary School and, therefore, requires a wider knowledge of all aerial sciences. His varied course of training includes

instrument flying, night soloing, and a thorough study and application of aerial navigation.

The Army Air Forces Basic Flying School at Courtland is one of the newest in the Southeast Training Center.

We might change the old expression to, lay something away for a peaceful day. Buy War Bonds!

Lt. Floyd Burnette Receives His Wings

Floyd W. Burnette, son of Martin E. Burnette, of Detroit, Mich., has just graduated as an Aviation Cadet, and received his wings as a 2nd Lieutenant, pilot according to word received from Gowen Field, Ida., where he has been assigned for his first duties.

Lt. Burnette, before he entered the army August 24, 1942, was a carpenter for various individuals in Canton, North Carolina. The lieutenant now acts as pilot of one of the B-24 Liberator bombers at the Idaho air base.

With autumn here, we know which way the last straw blows—right back in the attic.

MRS. HALL ARRIVES HUSBAND HERE, who is managing Belk-Hudson Company. They remained in Moultrie, Ga., to complete some school courses, joining his parents.

Soldier—I say, don't you make you long for an old girl—Yes, but my girl couldn't come tonight.

Who Said "Machine Age?"

As far as the profession of pharmacy is concerned, this is still the age of the guildsman because there is no machine that can fill a prescription. The compounding of medicine is work for skilled hands guided by a trained mind. Each prescription must be handled individually and every ingredient dispensed with painstaking care to assure unflinching accuracy.
