

Rotarians Hear Famous Auctioneer

Gartin, one of the best auctioneers of purebred address Rotarians here Friday, giving some of the secrets in the life of an auctioneer.

Gartin made up his mind to be an auctioneer when only 12 years of age. Today he is not only an auctioneer of fame, but a teacher in a school that teaches auctioneering.

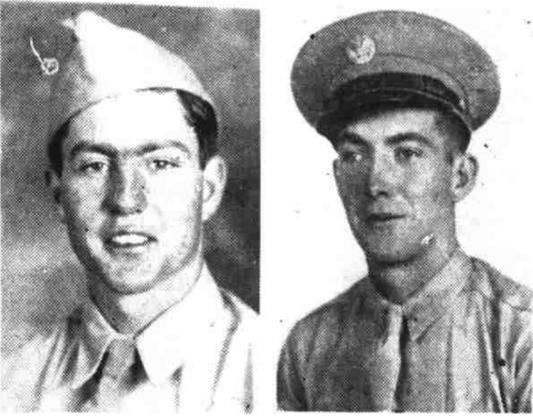

"A good auctioneer must be a good observer. He must see everything. He must be able to think and to have a mind trained to remember things about the sale, farm or merchandise he is selling," he said.

"The little in-between words, the auctioneer uses when he asks for a higher bid, are never the same. They are changed to the sale from getting too close," he pointed out.

"I have related many humorous incidents in my work as an auctioneer. One of one case when a woman bid for a cow, and it was sold. The crowd roared, he said, 'I saw nothing funny about the sale. Later he learned the woman had even have a front yard and could not resist bidding at the sale.'"

Clapp had charge of the sale.

Brothers Serving In Armed Forces

MR. AND MRS. J. L. FRADY, of Waynesville, have two sons in the service. They are Corporal Joseph Limer Frady, Jr., and Private James Everett Frady.

Cpl. Frady is now serving overseas. He was inducted in the service in August, 1942, at Camp Croft and from there was transferred to Fort Jackson. From the latter he was sent to Fort McClellan and then to Herbert Smart Airport, Macon, Ga. From the last named he was sent to Drew Field, Tampa, and then back to Herbert Smart Field from which he was sent overseas.

Private James Everett Frady volunteered and was inducted at Camp Croft in January of this year. He was transferred from Croft to Los Angeles, Calif., and is now in the desert training center, near Los Angeles. Before entering the service he was a student of the local high school, a member of the 11th grade.

Feeding The Family

By MARY E. THOMAS, Nutritionist of State College

Are you giving your family the food they need to keep them well and happy?

This is the home-maker's most important job. She can make a real contribution to the war effort by seeing that her family is well fed, healthy and happy and able to do more and better work.

To be well fed means more than having enough to eat. It means having every day the right food to meet the needs of the body. The right foods will provide materials for growth and health, for building muscles, sound teeth, bones, and blood. Foods also must supply energy for the day's activities. But most foods have more than one kind of food value and some foods furnish important food values more cheaply than others.

The Basic Seven

To make food selection and meal planning simple, our Government has given us a chart, The Basic Seven, to use as a guide. The chart shows foods divided into

groups. Each group provides certain essential foods for health and well being. The need for an adequate diet will be met if the meals for the day include some food from each of the following groups:

- Group 1. Green and yellow vegetables—some raw and some cooked.
- Group 2. Tomatoes, oranges, grapefruit, or raw cabbage or salad greens.
- Group 3. Potatoes and other vegetables and fruits.
- Group 4. Milk and cheese.
- Group 5. Meat, poultry, fish or eggs or dried beans, peas, nuts or peanut butter.
- Group 6. Bread, flour and cereals.
- Group 7. Butter or fortified margarine.

Check your meals by the Basic Seven and try to include something from each group every day.

If one loses his job now the job goes out and looks for him.

Half Of German Cities Bombed

London—A Royal Air Force spokesman reveals that half of Germany's major cities had been heavily damaged in air raids and that among them 17 are "more a liability than an asset" to the Nazi war machine.

German Cities	Population
Hamburg	1,682,000
Cologne	769,000
Essen	659,000
Dortmund	537,000
Duesseldorf	542,000
Hannover	472,000
Mannheim	283,000
Bochum	304,000
Duisburg	187,000
xBarmen	187,000
xElberfeld	212,000
Munchen-Gladbach	127,000
Krefeld	169,000
Aachen	165,000
Rostock	122,000
Remscheid	103,000
Lubeck	153,000

xThese are combined into one city known as Wuppertal.

From where I sit...

by Joe Marsh

Things always run better when somebody is in charge. Like baseball has a "czar"—the umpires, a bar association—the actors have a code of ethics and the like.

An important industry here in North Carolina has taken the initiative in self-regulation. It's the Brewing Industry Foundation.

Under Colonel Edgar H. Bain, as State Director, the brewers voluntarily organized to maintain good conditions throughout the tarheel state.

They cooperate with the authorities, with the army and navy, and the public welfare people and they're doing quite a job.

From where I sit, they're protecting the investment of a lot of people who want to do business the right way, at the same time assuring our state of an important source of steady tax income.
