### SELECTIVE SERVICE CHANGES

Occupational deferments generally will be denied 18 to 22-year-old registrants, other than those in agriculture, fathers and non-fathers alike, unless they are engaged in activities in which deferment is specifically authorized, according to Selective Service. Furthermore, all registrants will be given pre-induction physical examinations at least 21 days before being inducted. Therefore, the period of three weeks in the enlisted reserve now granted by the Army and the one-week period granted by the Navy will be eliminated. These changes become effective February 1.

### SOCIAL SECURITY FOR FARMERS

Social insurance for farm operators, farm workers, business and professional men, household workers, and employees of governmental and non-profit organizations was recommended by the Social Security Board in its eighth annual report.

### TO STABILIZE RATION BUYING POWER

Under the new ration taken plan effective February 27, the housewife will be able to buy about the same amount of rationed processed foods and meats-fats as she can now. Point values will be adjusted so the individual's allotment of 60 points for buying meats and fats will buy the same amount as the present allotment of approximately 64 points. Similarly, under the token plan the 50-point allotment for processed foods will buy an amount equal to the present 48-point allotment.

### ASK FARMERS' HELP IN WOODS

To mobilize farmers on farm woodlands and for work in forest industries, the War Production Board, War Food Administration, and War Manpower Commission have combined forces. Farmers and farm workers are asked to devote their spare time, particularly during the slack winter-spring period, to work in the woods and woods industries. Production of 14 million cords of domestic pulpwood will be necessary in 1944 to supply the needs of our armed forces overseas and meet essential home front war requirements, according to WPB's Paper Division. Farmers have nearly 159 million acres of farm woods which annually produce about one-third of all forest products and 38 percent of the country's pulpwood.

### MORE FOOD FOR SCHOOL LUNCHES

America's school children have been assured by the Office of Price Administration more generous amounts of food for lunchroom and cafeteria meals under a new plan for providing rationed food to schools.

### FRUIT SPREADS ALLOCATED

Seasonally increasing quantities of commercial jams, jellies, marmalade, and fruit butter, produced from fruits harvested last summer and fall, are now reaching the civilian market, according to WFA. It is estimated that civilians will have consumed or have in their possession 416 million pounds of these fruit spreads during the current pack year which ends next June. This is about 69 per cent of the approximate total supply.

### ADVICE FOR SOLDIERS OVERSEAS

When writing to soldiers overseas, particularly those in the tropics, home folks may help contribute to their health, says the War Department, by reminding these overseas men of the necessity of following the advice of their medical officers.

The leader the country most needs right now is one to lead it in prayer.

### STATEMENT OF CONDITION

## HAYWOOD HOME BUILDING AND LOAN ASSOCIATION

OF WAYNESVILLE, N. C., AS OF DECEMBER 31, 1943

Sworn to and subscribed before me, this 13th day of January, 1944. ELSIE McCracken, Notary Public. My commission expires: July 13, 1944.

## Grade "A" Milk Needed

**NEEDED**—2800 North Carolina Farmers to Produce More GRADE A Milk (for pasteurization) to relieve a Serious Wartime Shortage.

Studies by the State College Extension Service and the Milk Division of the State Department of Health show that if 2,800 North Carolina farmers, with 5-cow herds, will change over from the production of ungraded milk, to Grade A milk, the shortage of Grade A milk in North Carolina can be corrected.

## Farmers Who Wait Late To Buy Their Fertilizers Might Be Disappointed

"Unless farmers soon speed up their orders for fertilizer requirements, there will be serious delay in meeting the demands later in the year," D. S. Coltrane, assistant to the Commissioner of Agriculture said in pointing to the fact that approximately 1,200,000 tons of fertilizer must be ordered and delivered between now and May 10 if this year's estimated needs are to be filled. Recalling that confusing regulations issued by the Government a year ago resulted in serious labor and transportation difficulties for fertilizer manufacturers, Coltrane asserted that a similar situation might arise this year through neglect of farmers to place their orders promptly. He said that the manufacturers are eager to spread deliveries over several months so as not to create heavy transportation and labor loads. "North Carolina during the past year consumed 1,253,000 tons of fertilizer and expectations are that the demand for this year will run around 10 per cent higher than in 1943," said Coltrane. During November only 77,000

tons were ordered, and the total for December ran to 141,000 tons. Coltrane pointed out that since these figures are based on fertilizer sales tags, they are assumed to be correct. "Indications are that during the year ending June 30, 1944, more than they were last year." "Every farmer who has a dry place in which to store fertilizer should order it now and have it delivered as soon as possible and thus the fertilizer moving in a steady flow from the factory to the farm," declared Coltrane. Fertilizer will be produced, distributed and used on American farms than in any previous year—over 11,000,000 tons as compared with 8,000,000 tons in 1940, for instance. Coltrane said the labor situation in fertilizer plants is generally worse this spring than a year ago, and he added that transportation facilities are "certainly no better

## Jonathan Creek News

Citizens of this area are glad to welcome Mr. and Mrs. Will Corzine to the community. Mr. and Mrs. Corzine have recently purchased the Edwin Haynes farm.

Billy Boyd, who is serving in the Coast Guard, is home on a ten-day furlough with his parents, Mr. and Mrs. Pless Boyd.

Mrs. Ledford Leatherwood was hostess to the Home Demonstration Club at the January meeting. The theme of the meeting was "Time for Tea, Work", which outlined how the whole family must work together to help win the war.

Howard Clapp, county farm agent, and Miss Mary Margaret Smith, county home demonstration agent, and other members of the county AAA committee were present and outlined the work for the coming year, necessary if the county is to meet the food production quota.

The Woman's Society of Christian Service held their regular meeting on Wednesday afternoon with Mrs. Mary Williams.

If a price level is ever established it will be on a plateau.

## When Your Back Hurts -

And Your Strength and Energy Is Below Par. It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

## DOAN'S PILLS

# The Southern serves... and sells ...the South

FAITH is the keynote of these advertisements of the Southern Railway System...a compelling, abiding faith in the future of America's great and growing Southland.

These advertisements, and others like them, appeared in nationally-circulated magazines all last year...telling their inspiring stories to millions of people from border to border and from coast to coast...selling the South.

Proudly, they tell of the tremendous contributions the South is making to help speed Victory.

Proudly, they point to the amazing industrial, commercial and agricultural growth of the South in recent years.

Proudly they say, "Look Ahead... Look South!"...for new opportunities after the war is over.

Thus, in still another way, the Southern Serves the South.

Ernest E. Norris, President

## Pfc. James Cochran Home On Furlough

Private First Class James Cochran is spending a 16-day furlough with his parents, Mr. and Mrs. Morris Cochran, at their home in Hazelwood.

Pfc. Cochran has been in the service fourteen months and was inducted at Fort Jackson. Since that time he has been in training at the following camps: Camp Croft, Camp Wheeler, Ga., Camp Butler, Camp Adair, Ore., Fort Lewis, Wash., Camp White, Ore., and from the latter was transferred to his present post at Camp White, Ore.

Prior to entering the service he was employed by C. N. Allen Company, of Hazelwood.
