Wins Medal

CPL. ROBERT C. PLOTT,
Army Air Forces, now serving in
England, has been awarded the
soldier's medal for heroism not
involving actual conflict with an
armed enemy at an air base in
England on March 17, 1944. A B-17
aircraft crashed near the dispersal
area where Corporal Plott was per-
forming guard duty.

Quickly locating the wrecked
plane, he flashed his light on the
smoking wreckage and noticed the
navigator in his compartment.
Completely disregarding the im-
minent danger of bombs that might
explode momentarily, he rushed to
the compartment and with the aid
of another enlisted man, removed
the navigator to safety. The out-
standing courage and extraordi-
nary heroism displayed by Corporal
Plott in rescuing this wounded of-
ficer reflect highest credit upon
himself and the armed forces of the
United States, according to a news
release sent out by the headquar-
ters of the 3rd Bombardment Di-
vision from the office of the com-
manding general.

Corporal Robert C. Plott, 23,
(Bobbie), son of Mr. and Mrs. G.
C. Plott, of Waynesville is shown
above as he is preparing to don a
gas mask during a "gas alert" drill
at an Eighth AAF heavy bomber
base somewhere in England.

Corporal Plott is a member of
the ground crew and along with
his associates spends long tedious
and exacting hours, day and night,
maintaining the mechanical per-
fection that assures the successful
bombing of military and industrial
targets in Germany and the occu-
pied countries of Europe.

Cpl. Plott, who volunteered in
the U. S. Air Corps, was formerly

**AAA Committee
Urges Farmers To
Use Limestone**

The County AAA Committee is
urging all farmers who are plan-
ning to use limestone in 1944 to
place orders with the AAA office
for the material immediately. At
the present time orders have been
received for 6,230 tons of limestone.
Up to the present date 5,270 tons
have been delivered to the farms
of Haywood county. R. C. Francis,
chairman of the county committee,
stated that all orders for limestone
on hand will be filled by the first
of July.

The county committee has es-
timated that approximately 15,000
tons of limestone would be used
by the farmers of Haywood county
in 1944. If this amount is received
it will be absolutely necessary that
the limestone coming into the coun-
ty every day through the summer
and fall months.

Mr. Francis stated that it is
much easier for the trucker to
place the limestone where the
farmer desires it during the dry
summer months. The county com-
mittee would like to urge that as
much limestone as possible be placed
on pastures at the rate of approx-
imately one tone per acre. It
has been found from tests that one
ton of limestone per acre will
greatly increase the grazing capac-
ity for pastures. Better results
can be obtained if phosphate can
be applied along with the lime-
stone.

Mr. Francis stated that orders
for 1200 tons of phosphate had
been placed, and at the present time
only 120 tons have been received.
However the entire amount has
been ordered and twenty cars have
been approved. The county com-
mittee is hopeful of filling all orders
for phosphate during the late
summer and fall months. They
regret that the delivery of phos-
phate has been delayed, but the
cause of the delay is beyond their
control.

Two Moody Brothers In Service

Seaman First Class Joe Howell Moody, U. S. Navy and Technical
Sergeant Fred Henry Moody, sons of Mrs. Badger Noland and the
late Henry Moody, are in the armed forces.

Technical Sergeant Moody, U. S. Air Corps, is now stationed at
Trinidad, British West Indies. He entered the service on September
10, 1941, and was inducted at Fort Bragg. From Bragg he was
sent to Keesler Field, and from there to the Panama Canal Zone.
From the latter he was sent to his present post. Sgt. Moody was
educated in the local schools and at the time he entered the service
he was employed as bookkeeper at Garrett Furniture Store.

Seaman Moody entered the service on April 21, 1943, and was
inducted at Camp Croft. He took his boot training at Bainbridge,
Md., and from there was sent to Little Creek, Va. Educated in the
local schools, at the time he entered service he was employed by the
Newport News Shipbuilding and Dry Dock Company.

Seaman Grady Honeycutt Stationed At Dansville Lt. Sam McElroy Spends Leave At Lake

Seaman Grady Honeycutt, who
entered the U. S. Navy in March
of this year, is now stationed at
Dansville, R. I. He took his boot
training at the Great Lakes Naval
Training Center and after com-
pletion of his course there spent
a few days leave with his family
here before going to his next as-
signment. Prior to entering the
service he operated a business on
Depot Street in Waynesville.

Lt. Sam McElroy, U. S. Air
Corps, spent an eight day leave
with his parents at Lake Junalus-
ka. He came here from Smyrna,
Tenn., and upon leaving reported
to Lincoln, Neb.

Lt. McElroy entered the service
on Feb. 1, 1943 and received his
commission at Freeman Field, Ind.
At the time he volunteered in the
service he was a student at West-
ern Carolina Teachers College.

**Long Distance Helps
to Bring Them All
Together**

West, east, south and north, the countless
activities of war are united by Long Distance.

Now more than ever war needs the wires
to help speed men and vital war supplies to
the far-flung war fronts. Your help is needed
to keep lines clear of all unnecessary Long
Distance calls.
