

For Freedom..

Every WELLCO man and woman has gone all out for Victory!

WELLCO people are proud—and rightly—because each and every one has taken an active part in all phases of the War Effort. They have gone all out . . . 100 per cent! They are proud also because in making more than a million and a half units for the armed forces not a single piece has been rejected.

WAR BONDS Wellco employees and management have invested more than ten per cent from every wage and salary dollar in Bonds. In all special War Loan Drives Wellco employees have exceeded the quota given the plant. Wellco employees got the first Treasury "T" flag in Haywood County.

RED CROSS During the annual Red Cross Drives Wellco again went 100 per cent with every person in the organization gladly contributing to this truly great American institution. Many of Wellco's staff took an active part in carrying on the campaign throughout the community.

SCRAP DRIVE Every item of scrap that can be salvaged in the plant is carefully preserved. Wellco employees have been a large factor in the community campaigns, and besides gathering iron, tin and paper, constantly save fats from their home kitchens for the fighting fronts.

WAR FUND Last October when the call came for special funds for the War Fund Drive, the employees of Wellco again dug deep into their pockets and soon reached their goal in this stupendous war effort.

U. S. O. No second appeal had to be made to employees of Wellco to make their quota when the U. S. O. campaign was staged. As in all other campaigns, the Wellco plant was among the first to reach its quota.

BLOOD DONATIONS As far as is known, Wellco is the only plant in this area to have over 90% of its employees sign to donate blood to the Red Cross Blood Bank. While adequate facilities have not yet been set up, the employees of Wellco have done their part by saying, "We're ready."

Labor Day Greetings
