HIGHLIGHTS ON THE SUNDAY SCHOOL LESSON

By NEWMAN CAMPBELL (The International Uniform Lesson on the above topic for Nov. 19 is Micah 4:1-5; Mark 12:13-17; Romans 13:8-10; 1 Peter 2:13-17; the Golden Text being Galatians 6:2, "Bear ye one another's burdens, and so fulfill the law of Christ.")

THE PASSAGE in Micah which is the first to which we are referred in our lesson today, is similar to one we had in our last lesson from Isaiah, where we are told that the Lord shall establish His house on the mountain top and all the nations of the earth will flock there and be judged.

"But they shall sit every man under his vine and under his fig tree and none shall make them afraid: for the mouth of the Lord of Hosts hath spoken it."

"For all people will walk every one in the name of his god, and we will walk in the name of the Lord our God for ever and ever."

Jesus and the Roman Coin One of the stories of Jesus' life on earth of which we never tire is the tale of the tax or tribute to Rome. The enemies of Jesus were always trying to catch Him in statements which they could say were blasphemous or treasonable.

Question: Do you know of a good way in which to shell black walnuts?

Answer: R. W. Graeber, extension forester at State College, suggests using the corn sheller. He says all the walnuts on a tree mature at about the same time and should be gathered and shelled quickly. If not, the green hull turns black and will stain the nut and even the kernel if not removed.

Question: Should I save the seed from my hybrid corn for use another year?

Answer: Do not save seed from hybrid corn, says Dr. E. R. Collins, in charge of extension agronomy work at State College.

Question: Is it all right to add one or more ingredients to the poultry mash I buy for feeding?

Answer: No, say poultry specialists with the State College extension service. This practice is undesirable because mixed mashes sold are balanced from a biological standpoint.

Question: Can you give me any information on choline for proper animal and poultry nutrition, in addition to information on vitamins A and D?

Answer: Choline is of such recent prominence in nutrition research that we are not in a position to publish anything on this subject, says Dr. Walter J. Peterson, head of the Nutrition Section, Animal Industry Department at State College.

etc. Jesus answered them then: "Render unto Caesar the things that are Caesar's, and to God the things that are God's."

In his letters to the Romans Paul gives his views on the same question. He advises them to "Owe no man anything but to love one another; for he that loveth hath fulfilled the law."

"For this, Thou shalt not commit adultery, Thou shalt not kill, Thou shalt not steal, Thou shalt not bear false witness, Thou shalt not covet; and if there be any other commandment, it is briefly comprehended in this saying, namely, Thou shalt love thy neighbor as thyself."

Love Worketh No Ill "Love worketh no ill to his neighbor; therefore love is the fulfilling of the law."

How much we read of love in the Bible! Love the Lord thy God; love thy neighbor. How easy it is to say it; how hard to obey the commandment.

Lastly, Peter gives us his view of Christianity and Democracy. He says to "the strangers scattered through Pontus, Galatia, Cappadocia, Asia and Bithynia," "Submit yourselves to every ordinance of man for the Lord's sake; whether it be to the king as supreme:

"Or unto governors, as unto them that are sent by him for the punishment of evildoers, and for the praise of them that do well."

"For so is the will of God, that with well doing ye may put to silence the ignorance of foolish men."

"As free, and not using your liberty for a cloak of maliciousness, but as the servants of God."

"Honor all men. Love the brotherhood. Fear God. Honor the king."

That is being a Christian in a democracy: To obey the laws of the land and of your religion and ethics.

To honor the rulers and not only them, but all men—everywhere, no matter what their race or color. To remember that God is their Father, too, and that their dignity and worth as men should be upheld.

Not to use your freedom as a cloak of hypocrisy, but to live simply, obeying the earthly laws and loving all men as brothers

Question: What is the best temperature for curing sweet potatoes?

Answer: About 75 to 80 degrees is the best temperature for average conditions. Try for an even cure of all the potatoes. If the temperature is allowed to run up too high, the potatoes in the top tier of baskets will cure out much faster than those in the lower baskets and an uneven cure will result.

Question: Should I feed my beef calf while it is still nursing?

Answer: Yes, says Leland Case, Extension animal husbandman at State College, and he suggests two ways of doing this feeding. The calf may be allowed to run with the cow and get his grain from a creep. Another plan is to separate the cow and calf after about 6 to 8 weeks of nursing, and allow the calf to nurse twice a day.

HOW MANY ANSWERS TO THIS AD? HELP WANTED. Industrious, dependable servant to do housework for large family. Must help with washing, ironing, cleaning, cooking, etc. Also expected to entertain family in evenings. No time off. Salary about 20c a day.

OBVIOUSLY, the only servant who will do so much for so little these days is electricity. We're glad that electricity is able to work around the clock in war plants and still stay on the job in your home. We're proud that you pay low pre-war wages for its services! That's news in wartime. It's possible only because of sound business management - and because your friends and neighbors in this company know their business. CAROLINA POWER & LIGHT COMPANY
