E VEN though there is no shortage of electricity in the Carolinas, we, and our customers, are all required to abide by Utilities Order U-9 reproduced below. There is a scarcity of coal. Some of our power is made with coal. However, we are largely a water power company. Power generated by water but not used by our customers can be transmitted to areas where most power is made with coal. In this way we assist in relieving the coal shortage. In the interest of the war effort your electric company accepts its responsibilities as outlined in order U-9. We urge all of our customers to read this order carefully so they will understand their responsibil-
