**DWIGHT BEATY**, seaman second class, son of Mrs. Ruth Beaty, is now stationed at Norman, Okla. He entered the service in November, 1944, and took his boot training at Bainbridge, Md. At his present post he is taking special training at the Naval Air Technical Training Center. At the time he entered the service he was employed at the Dayton Rubber Manufacturing plant.

Conference On  
Bible Schools To  
Be Held At Clyde

The latest methods for conducting a Vacation Bible school will be presented at a conference for all church workers of the Haywood County Baptist Association on Tuesday evening, March 29, in the auditorium of the Clyde Baptist church.  
Mrs. C. K. Beck, an associate in the Vacation Bible school department of the Baptist Sunday school board, will lead the discussion on Vacation Bible school work. Mrs. Myra Motley, associate in Vacation Bible school promotion in the state Sunday school department, will assist Mrs. Beck.  
All pastors and church workers are urged to attend the meeting at Clyde.

BROWN TO TALK AT  
CRABTREE P.T.A.

J. C. Brown will be the speaker at the Crabtree-Iron Duff Parent Teachers meeting this afternoon at three o'clock. Mr. Brown will discuss community canneries. He headed the local project last year, and is head of the vocational agricultural department of the Waynesville Township high school.

**YOU'RE TELLING ME!**  
By WILLIAM RITT  
Central Press Writer

MIRAILOVICH bobs into the news again—just when the radio commentators figured his was a name they might never again have to pronounce.

A Minnesota killed the 13th dog that bit him. Hereafter a wise pooch will know his numerology.

Zadok Dumkopf asks: "What's the latest news on those Conference twins—Yalta and Malta?"

Wolves, according to a Canadian newspaper item, are afraid of snowballs tossed at them. That's

still another scientific question we believe is best left up to the scientists.

A New York hen has been laying hollow eggs. A wonderful trick but she should have saved it for April 1.

Things certainly have speeded up. In a matter of three months or so we've lived through an entire ice age!

As the latest war news from the European fronts proves, even a Tiger tank can sometimes act like a fraidy cat.

Timely, Practical  
Household  
Suggestions  
by  
Ruth Currant  
of State College

If you don't have much time for sewing, there are a number of shortcuts that can be taken to save time.

Choosing a pattern: Select a pattern that is simple, one with few pieces. Avoid patterns that have many pleats, tucks and buttonholes and those with a great deal of shirring. Be sure to buy the proper pattern size which should require only minor alterations.

Choosing a fabric: A firmly woven fabric will prove most satisfactory since it cuts easily and will not fray or pull. Avoid large figured prints that have to be matched at the seams. Figured fabrics, plaids and stripes are a little harder to work with than plain fabrics.

Good sewing equipment is essential to quick, efficient sewing. Before beginning to work, have pins, scissors, thimble, needles, thread, tape measure and ruler at hand. And when the garment

Colorful  
Footwear

Shoes for evening wear.

By VERA WINSTON  
IT'S GOOD to see colorful shoes back again, lending interest to the sweet evening scene. The first shoe pictured here is a low-heeled platform sandal in black suede that should go nicely with simple daytime clothes or simple evening things. It has nailhead trim, grosgrain edge, platform and an elasticized ankle strap. A dressy spectator sports shoe has a platform sole studded with square nailheads. The squared buckle repeats the nailheads in platform array. The luxury-type sandals are cited for evening wear or for dressy slacks or pajamas. They have a gold leaf and enamel design on the painted wood platform, and a black satin criss-cross ankle strap and

Robert J. Wilson, of Sebring, Ohio, to Betty Smith, of Canton.

"Drafting workers would be a violation of freedom." And what is it when a boy is drafted to have his feet blown off?

with the quantities you most frequently cook, you'll know exactly where to turn the switch, and you'll get exactly the same heat every time.

In some plants, chestnut acidwood serves a dual purpose. After the tannin has been leached from it, the chips are used to make paperboard.

Do you have dead chestnut trees on your land? Cut them into acidwood NOW, while prices are high and tanning extract is badly needed.

It is said that a soldier in wartime wears out shoes ten times as fast as a civilian. His shoe soles are made from leather tanned with chestnut extract.

Itching, Burning, Perspiring Feet

Go to any druggist today and get an original bottle of Moone's Emerald Oil. Don't worry—this powerful penetrating oil brings such ease and comfort that you'll be able to go about your work again, happy and without that almost unbearable aching and soreness.

Bub on Emerald Oil tonight—freely; it does not stain—is economical. Money back if not satisfied—good druggists everywhere. SMITH'S DRUG STORE

BEFORE BURNING

1. See your fire warden.
2. PLOW AROUND FOR SAFETY.
3. Have plenty of help on hand to control the fire.

**BAD... and GOOD NEWS  
FOR EVERY CAR OWNER**

SIX MONTHS AGO, the rubber industry believed we'd have new tires for most of you early in 1945. Today, we know we won't. The military is taking many more tires than anticipated.

The only honest answer we can give to the question "When WILL I get new tires?" is "We don't know—but it won't be soon."

If you're going to keep your car on the road in 1945, the chances are you'll have to do it with the tires you now have.

RECAPPING TODAY can be done so well that it can give you thousands of miles of extra wear from your present tires.

Furthermore, recapping entails no priorities, no ration board certificates, no delay.

BUT—you must have your tires recapped in time... before they get down to the fabric... and the job must be done skillfully, with good materials!
