Col. Alsteatter Receives Letter From Wainwright

A six-month-old reply to a letter written over a year ago came recently to Colonel E. W. Alsteatter, retired Army officer and former West Point instructor at his home in Savannah, Col. Alsteatter is a brother of Mrs. Hugh Love, Miss Caroline Alsteatter and Mrs. Jim Stringfield and has often visited here.

The letter dated September 6, 1944, from a Japanese prison camp at Taiwan on Formosa was from Lieut. General Jonathan M. Wainwright, former West Point student under Colonel Alsteatter. It read: "My dear Colonel Alsteatter: Your kind note of December 3, 1943, reached me yesterday. It is good to know that one is not forgotten by one's friends at home, even though they haven't been seen as you say for generations."

"You say you remember me as a tall slender cadet, I am still tall and not much heavier than when I was a cadet. I well remember you as a captain of engineers instructing me in engineering — or was it mathematics? I also recall that you were so unfortunate as to be a prisoner of war as I am now."

"Thanking you for your note and for your thought of me, I remain very sincerely, J. M. Wainwright, Lieut. General U. S. Army"

Grandson of J. M. Gaddy Wins Bronze Star

Staff Sgt. Manning Thompson, son of Mr. and Mrs. Harley Thompson, of Hendersonville and grandson of Mr. and Mrs. J. M. Gaddy, of Jones Farm, has been awarded the Bronze Star for outstanding work as chief of field artillery gun section on the Island of Guam.

Sgt. Thompson has his howitzer ready to fire in record time, 16 minutes after entering position thus enabling his men to get a maximum of rest. He displayed skill and devotion to duty and initiative which reflected credit upon himself and the battery, according to the citation.

His Buddy Writes To His Mother

ROBERT DUCKETT, U. S. Army, now in France, son of Mr. and Mrs. J. D. Duckett, of White Oak section, was inducted in the service on January 22, 1943, and was sent overseas on Nov. 1, 1943 to England, where he served some time before being sent to his present post in France.

His mother recently received a letter from one of his buddies, excerpts of which follow:

"Dear Mrs. Duckett: I am sure you will be surprised to get a letter from me since we have never met so I will introduce myself. I am Calan Wood, from Denton, N. C. I have a wife and baby waiting for me."

"I have been with your son, Robert, for almost two years and he seems like a brother to me. We have been through many hardships together but we are hoping and praying it won't be too long until victory and we will be home with our friends and loved ones. The chaplain often comes down and preaches to us and Robert

goes to church every chance he gets. He is a Christian boy and I know you are proud of him and you have a right to be. He often speaks of his dad and mother as well as his wife. We work together and we understand each other and the times at home are our main subject.

"How nice it would be to be home this beautiful holiday with the ones we love and miss so much."

"A friend always, Calan Wood"

Let's quit talking about 130 or 132 millions. The Census Bureau which keeps up to date says we are now over 139,000,000.
