Work Started On Freezer Locker Plant In City

(Continued on page 6)

cubic feet each, and will be on the first floor of the plant. The second floor will be devoted to special rooms for curing hams and bacon, rendering lard, cutting rooms and packing. The plant will have several freezing rooms of different temperatures, each built for special foods. Some will be frozen quickly, others gradually.

Plans are being pushed to have the plant in operation in time for vegetables from gardens in June.

The program for a freezer locker here was announced at a special supper meeting last November by Mr. McClure. At that meeting plans were announced for the detailed program, and about 25 men from all sections of the county showed much interest. Soon afterwards, Mr. and Mrs. Sam Houston came here and took applications for lockers. The response was gratifying, and the work was completed in much less time than was expected.

Mr. Austin here this week said that there were a few more lockers available, and the first folk making application for them would be the ones to get the service.

The Federation has in operation similar plants in Asheville and Hendersonville, and a long waiting list at both places of people who want to secure a locker.

The original sponsoring committee to get the freezer locker plant for Haywood included:

H. Arthur Osborne, chairman, Henry Francis, Glen Boyd, James H. Boyd, J. B. Medford, Glen Palmer, R. F. Davis, Dave Boyd, N. W. Carver, C. S. Green, W. A. Bradley, Oral Yates, W. T. Alexander, Claude N. Allen.

George A. Brown, John Boyd, W. H. Burzin, Howard Clapp, Dean Colvard, Frank Compton, R. B. Davenport, C. T. Francis, Wayne Franklin, Robert Francis, M. O. Galloway, N. W. Garrett, Paul Hyatt, James W. Killian, Medford Leatherwood, James Long.

Albert McCracken, Guy Massie, J. E. Massey, J. R. Morgan, D. Reeves, Noland, R. L. Prevost, Charles E. Ray, Dr. R. Stuart Robinson, Frank Rogers, W. Curtis Russ, Ed Sims, Robert Sutton, Leo Weill.
