CIVILIANS AT WAR
The Government needs and asks its citizens in the 180th week of war against Japan to:
Buy your overseas serviceman a bond during the 7th War Drive and tell him you have done so on a V-Mail gift certificate obtainable wherever war bonds are sold.
Stay on your war job until victory over Japan. If manpower in your industry are changing, your U. S. Employment Service can tell you the nearest job where you are needed.
Continue to buy only what you need. Reconversion has started. America's factories cannot produce sufficient civilian goods while the threat of inflation while Pacific war needs continue.
