### Farm Questions and Answers

Question Can Luse salfpeter to promote the rotting of stumps? Answer "I have not been able to find any information in regard to the use of this material as you suggest," says R W. Graeber, in charge of Extension forestry at State College "Since the trees have been cut. I am doubtful if anything can be introduced to promote decay. U. S. Farmers Bulletin No. 1526 says that poison cannot be used successfully on stumps. due to the fact that the circulatory system has been cut off. You can, of course, use some mechanical means for removing the stumps

Question: How can I get rid will be the next attorney for the of Bermuda grass
