Marriage Took Place In Newport News

MRS. PAUL RICHARD MURRAY, who before her marriage on May 26, was Miss Drama Ray Lampkin, daughter of Mr. and Mrs. William Leonard Lampkin, of Waynesville. Her husband, Corporal Murray, has begun his tour of duty in the Pacific theatre, and while he is out of the States, Mrs. Murray will make her home with her sister, Mrs. Lawrence McElroy, in Newport News, Va.

Miss Charlotte Vance Becomes  
Bride Of Charles Orr Turbyfill

Announcement has been made of the marriage of Miss Charlotte Vance to Charles Orr Turbyfill, both of New York City, which took place on Saturday, June 16 at the Chapel of the Riverside Church, New York City. The Rev. Norton Tibbitts, assistant rector officiated.

The bride entered the chapel with Dr. George S. Heye, director of the Museum of the American Indian, Heye Foundation. She wore a white fitted bengaline street length dress with a short fitted jacket. Her hat of sailor type with rolling brim was made of veiling and also draped with the same material. She carried a bouquet of white roses, white sweetpeas and gypsophelia.

Mrs. James T. Reap, also of New York City, served as her sister's matron of honor. She wore a turquoise blue dress with a fuchsia flowered hat and carried a bouquet of Talsman roses.

Following the ceremony a wedding breakfast was served at Butler Hall, Columbia University. The guest list included out-of-town friends and members of the two families. The bridal table was arranged in white roses, white sweetpeas and gypsophelia and centered with a three tier wedding cake. A long silver knife decorated with white bows and flowers was presented the bride with which to cut the cake.

Mrs. Turbyfill, native of New York, formerly resided in Panama City, Canal Zone where she served with the navy and army. She has held various positions of responsibility and at the time of her marriage was connected with an

SHIELD YOUR FAMILY in the CRITICAL YEARS. Illustration of a family.

In families where there are small children, there is nothing so important as to keep that family together under the constant care of the mother until the youngest child has had an opportunity at least to complete High School. This is the formative period—these are the critical years.

If you should die during this period, the Jefferson Standard Family Protector Plan will carry your family through. And if you live, this plan will give you continuous protection and an income for the retirement years. You owe it to your family to investigate the Family Protector Plan. For complete details at no cost, write or phone today.

GREENSBORO, NORTH CAROLINA

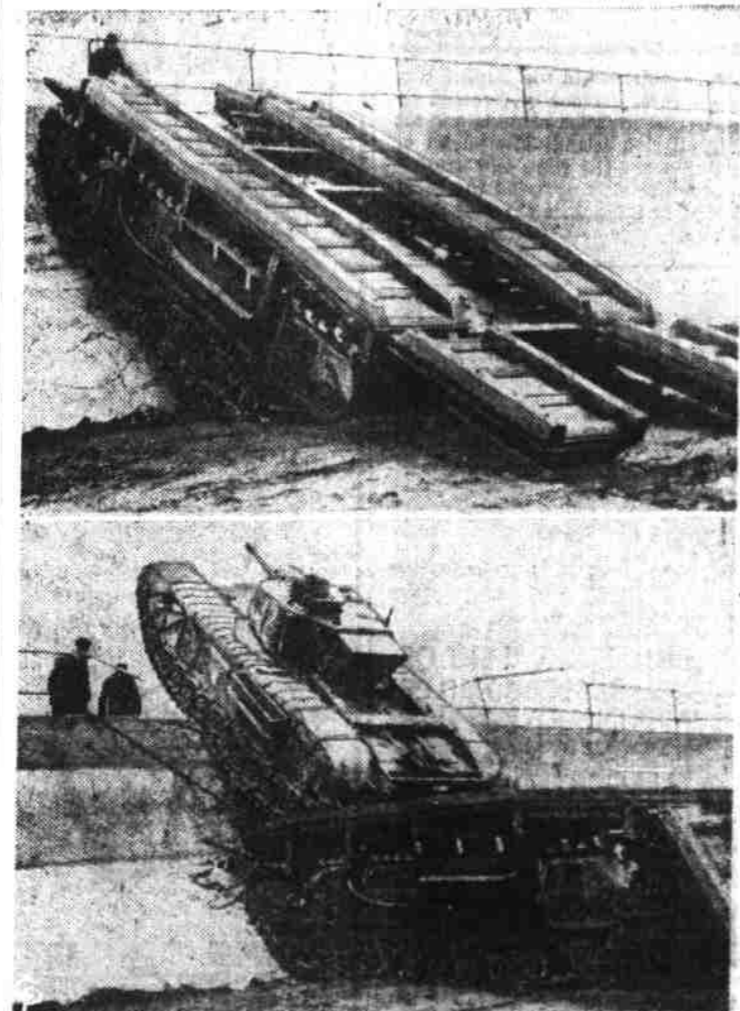

Haywood County  
Leaders

The Agricultural advantages of Haywood County have been recognized by the State Authorities in the establishment of the State Test Farm. The result of the experiments now in process on the farm will eventually mean thousands of dollars to the farmers of this section in improved farming methods and practices. We urge you to accept the invitation of the management of the farm to inspect the property after the Guernsey Cattle Sale to be held on the farm on Wednesday, June 27.

REVEALING BRITISH WAR SECRET

NOW IT CAN BE TOLD: British tanks which carried and laid their own bridges played a vital part in the liberation of France, the drive across Germany and the Burma campaign. The tanks were used for crossing small rivers and canals, bridging anti-tank ditches and concrete emplacements, and scaling cliffs, sea walls and other obstacles. Here an ark bridging tank (top) forms a ramp against a sea wall, and the Churchill tank (below) scales the wall by climbing over the ramp. (International)

TOWN and FARM in WARTIME  
Prepared by OFFICE OF WAR INFORMATION

CIVILIANS AT WAR

The Government needs and asks its citizens in the 185th week of the war against Japan to: 1. Keep the Japs in the dark as troop transfers increase. Don't write or talk about the movements of men, ships or materials to or from the Pacific. 2. Stay off the already-crowded trains during the July 4th holidays, and spend your time at home. Troop furloughs and transfers must come first. 3. Take a vacation job on a farm when school is out. Farmers still badly need help to bring in the harvests necessary to prevent threatening food shortages.

REMINDERS

Table with columns: Item, Last Date For Use. Includes MEATS, FATS, PROCESSED FOODS, SUGAR STAMPS, FUEL OIL, SHOES.

APPLICATIONS

Housewives in Haywood who apply for their gasoline, fuel oil, sugar, and other rations by mail will receive prompt service from the War Price and Rationing Board. W. R. Siler, chairman, said yesterday. It is estimated that ten applications received through the mail can be processed in the time it takes to process one application made in person, he pointed out.

THE INVENTORY

Tire dealers in Haywood county are required to have a complete inventory of their tire stock and Parts B at the close of business, June 30, W. R. Siler, chairman of the War Price and Rationing Board, said yesterday. Dealers who fail to register their June 30 inventory with OPA before July 10 may not legally transfer rationed tires after that date. During the period July 11-25, OPA's enforcement division will conduct a survey on dealer compliance, aimed especially at failure to register, failure to keep proper records, and failure to maintain accountable inventory, Mr. Siler said.

GAS FOR SERVICEMEN

Servicemen returning from overseas on temporary duty orders for rehabilitation, recuperation and recovery will be eligible for furlough gasoline rations, according to OPA's district office in Charlotte. The servicemen may obtain his rations by applying to the local War Price and Rationing Board, presenting both his temporary duty orders and the mileage rationing record for the car he will be using, the announcement said. Previously, servicemen were required to present leave or furlough papers when applying for these gasoline rations, but those now being sent home for periods of about 30 days are not being issued such papers. The amount of the ration remains the same, one gallon of gasoline for each day of the furlough, with a maximum of 30 gallons, OPA officials said.

USED CAR PRICES DOWN

Used car prices all over America will take a four per cent drop on July 1, the Office of Price Administration announced this week in Washington. The move affects cars sold either by regular dealers or private owners. The price cut is in accordance with used car pricing regulations which provide for normal depreciation, OPA officials said, adding that four per cent would also be deducted from charges allowed for extra equipment, such as heaters and radios. "This price drop should not only prove a stimulant to used car sales," said an OPA spokesman, "but will also provide additional low-cost transportation to essential workers."
