Try Hot Water Plus Acid Meats For Acid Upset Stomach

Here is welcome relief from the distress and discomfort caused by excess stomach acid. Just introduced to the druggists of this state is a remarkable formula called "New Relief". Its name tells the story of excess irritating stomach acids being robbed of their power to cause upsetting distress. There's nothing quite like "New Relief" to fast action means quick relief and this also should merit a test. So who will get a package today. Put one teaspoonful of "New Relief" in a half glass of hot water and drink right after meals when you're at Smith's Cut-Rate Drug Store and all your druggists have this new and remarkable formula for excess stomach acid.

MRS. JAMES EDWARD MURRAY, who before her marriage on Saturday night at the First Baptist Church was the former Mrs. Sarah Carolyn Welch, daughter of Mrs. Julius C. Welch, and the late Mr. Welch of Waynesville.

Sarah Carolyn Welch Becomes Bride Of James Edward Murray On Saturday

The marriage of Miss Sarah Carolyn Welch, daughter of Mrs. Julius C. Welch, and the late Mr. Welch to James Edward Murray, son of Mr. and Mrs. Ewing A. Murray, of Washington, D. C., was solemnized at 8:00 o'clock on Saturday evening, October 6th, in the

First Baptist Church. Rev. E. G. Elliott, pastor and Rev. J. Clay Madison, pastor of the First Methodist Church pronounced the vows, using the double ring ceremony.

The altar of the church was banked in fall evergreens interspersed with floor candelabra bearing lighted tapers and on either side of the archway under which the vows were taken were arrangements of white dahlias and white chrysanthemums.

Prior to the ceremony a program of music was rendered by Mrs. Henry MacFayden, vocalist and Mrs. W. L. Matney, organist. The latter played Schubert's Serenade, "Ave Maria," by Schubert, "Clair de Lune," by Debussy, "Cavallaria Rusticana," by Mascagni. Mrs. MacFayden sang, "Because," by deHaridolot, "At Dawning," by Cadman, and "I Love You Truly," by Carrie Jacobs Bond. Mrs. Matney played the traditional wedding marches for the processional and the recessional.

The bride who was given in marriage by her brother, Joseph W. Welch, wore a gown of heavy white taffeta, fashioned on princess lines, with a tight fitted bodice and the full skirt ended in a long train. The back of the bodice was trimmed in small self covered buttons and the neckline was outlined in lace. The long sleeves ended in points over the hand. Her veil of illusion which fell the full length of her gown was worn with a Juliet cap of lace edged with a ruching of illusion. Her bouquet was of white roses and white orchids.

Miss Lorena McCrary, of Lines Creek, was maid of honor. She wore a gown of blue net and satin. The full net skirt was over satin and the bodice with a peplum effect was fashioned of satin, with a sweetheart neckline. She wore a shoulder length veil of blue net held in place by a cluster of flowers and her bouquet was of pink roses.

Miss Marcella Anderson, of Cookston, Minn., and Miss Martha Way, cousin of the bride, were bridesmaids. They wore gowns modeled on similar lines, both of satin, with Miss Anderson wearing a soft green shade and Miss Way in pink. The gowns had three-quarter sleeves, fitted bodices, and square cut necklines edged with a ruffled insert of the same material of the gown. The full skirts had ruffled inserts in the back which fell the full length of the skirts. They also wore shoulder length veils in the same shades as their gowns and their flowers were bouquets of white and pink roses tied with contrasting ribbons of satin.

Serving as junior bridesmaids were the young nieces of the bride, Linda Welch, daughter of Robert V. Welch, and the late Mrs. Welch and Betty Felmet, daughter of Mr. and Mrs. Jack Felmet. They wore gowns of taffeta fashioned about the same lines of the bridesmaids.

EVERY PRECAUTION TAKEN FOR WORKERS ON ATOMIC

It has just been revealed that every precaution for the safety of the workers on the atomic bomb was taken. Rabbits and mice were stationed at certain points in the huge plant as a double check against mechanical instruments. Had any of the death-dealing rays escaped into the air, the effects on the rabbits and mice would have forewarned the workers.

But officials said the first bombs were produced without a single casualty or near casualty from elements used in the production.
